

### Supplementary Material #B.

Supplementary data, pertaining to this study, are depicted online and associated with an extra table which illustrates - in column form – the following information: (i) acceptance date of the articles, concerning OHS RACs, (ii) calculated number of days between the publications, (iii) corresponding time (in days), and (iii) the cumulative number of publications, all through the period of Jan. 2000 – Dec. 2019.

**Table S2.** Supplementary data to the article, which depict the: (i) acceptance date of the articles, concerning OHS RACs, (ii) calculated number of days between the publications, (iii) corresponding time (in days), and (iii) the cumulative number of publications, all through the period of Jan. 2000 – Dec. 2019.

Acceptance Date of Articles	Number of Days (or time intervals) between successive publications ( $N_{dop}$ ) [ days ]	Corresponding time ( $t$ ) [ days ]	Cumulative number of publications ( $N_{cmp}$ )
(i)	(ii)	(iii)	(iv)
