

Transition Tool

A Transition Tool is an instrument that supports the initiation and / or process of transition from existing water management situation to a stable envisaged climate adaptive water management practice. In this worksheet 3 tools can be submitted.

Knowledge Tool 1: *Fill in the name of the Tool*

Aa of Weerijis

1. What is the type of Transition Tool?

Choose: Social media, E-Tools/virtual tool, GIS-based tools, Focus groups, Workshops, Questionnaire/Survey/Q methodology, Interviews, Meetings, Visual methods, Learning Alliances, Living Labs

2. Can you give a short description of the tool?

Max 10 sentences, if available add 1-3 supporting visuals (photo, diagram, drawing...) in tab 6

3. What is the primary objective of the Transition Tool?

Choose: Improve system understanding; Identify indicators and criteria; Identify issues, preferences, management options; Communication of knowledge; Identify knowledge gaps; Obtain information from stakeholders; Creation of knowledge with stakeholder; Evaluation

4. Can you give a short description of the objectives of using the tool?

Max 10 sentences.

5. What is the primary process stage in which the Transition Tool could be helpful?

E.g. Policy stages (agenda setting, formulation, decision-making, implementation, and evaluation) Project stages: (Actor Analysis, Motivation, Problem Definition, Project Definition, Action Plan, Implementation, Evaluation)

6. Can you describe how and in which (other) processes and stages the tool could be helpful?

Max 10 sentences. E.g. Policy stages (agenda setting, formulation, decision-making, implementation, and evaluation) Project stages: (Actor Analysis, Motivation, Problem Definition, Project Definition, Action Plan, Implementation, Evaluation)

8. What are the strengths and weaknesses of the tool?

Strengths

Weaknesses

--	--

9. Can you provide practical information about the tool? (actual or envisaged)

<i>Time spent (total/week)</i>	<i>Based on average FTE (full-time equivalent) / week. + amount of weeks spent.</i>
<i>Number of Staff involved</i>	
<i>Costs indicator</i>	<i>Low, Medium, High</i>

<i>Equipment needed</i>	
<i>Max. number of participants</i>	
<i>Other relevant information</i>	
<i>Specific practical tips</i>	
<i>Source</i>	<i>Name source of tool and if available a link provide a link to URL.</i>

Transition Tool 2: *Fill in the name of the Tool*
