

(A) GO enrichment analysis of the early upregulated genes

B

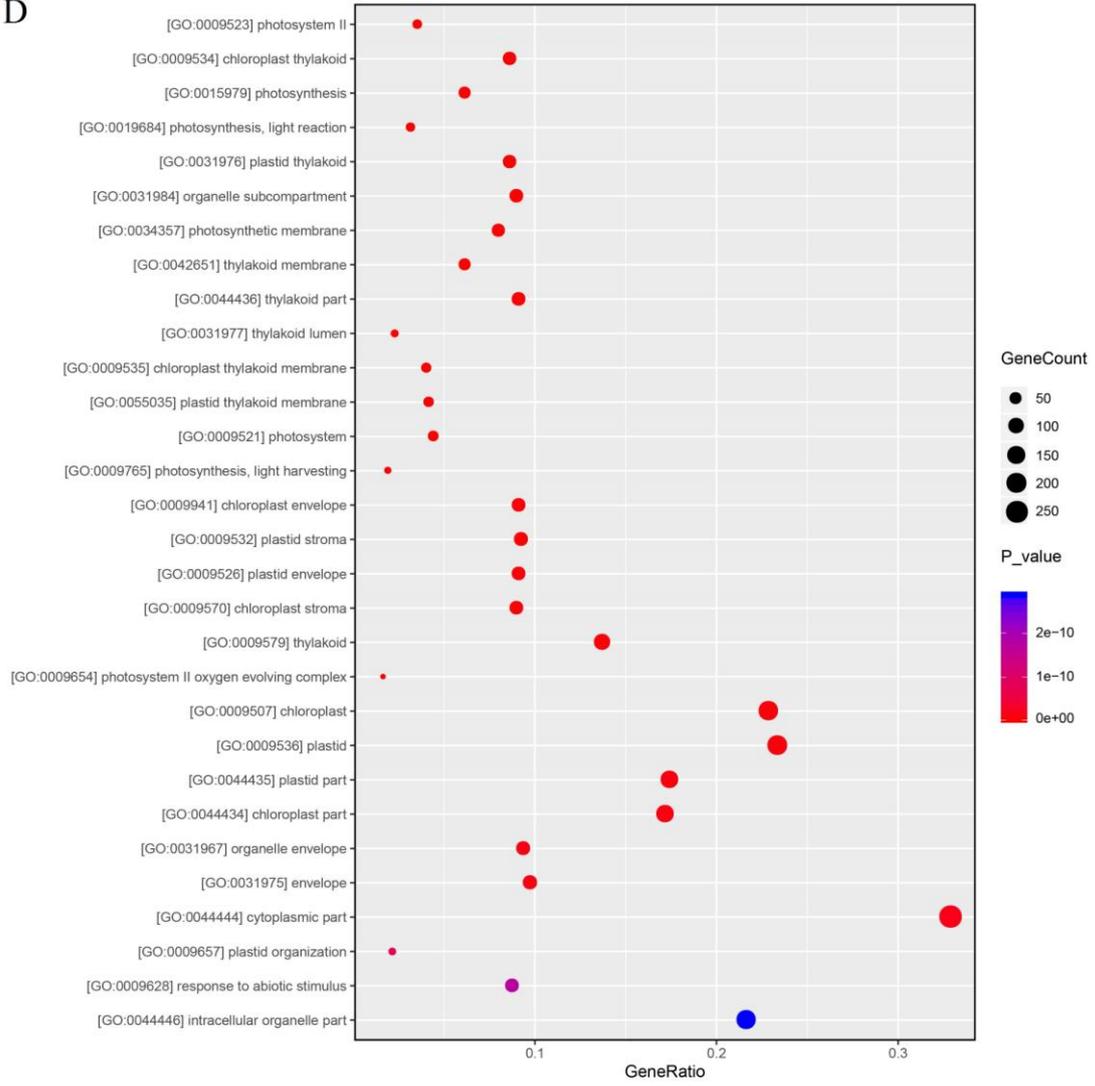

( B ) GO enrichment analysis of the early downregulated genes

C

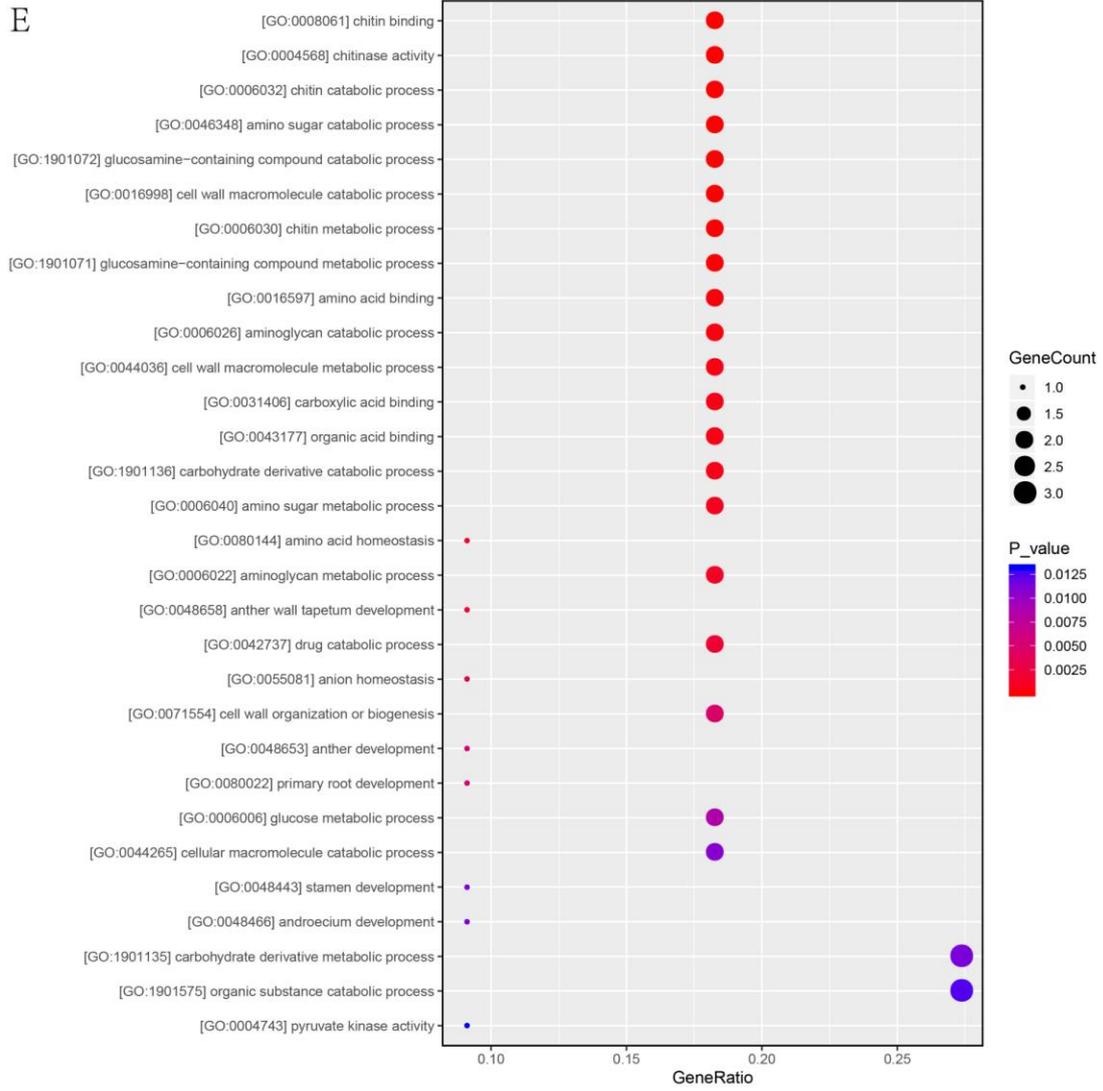

( C ) GO enrichment analysis of the late upregulated genes

D

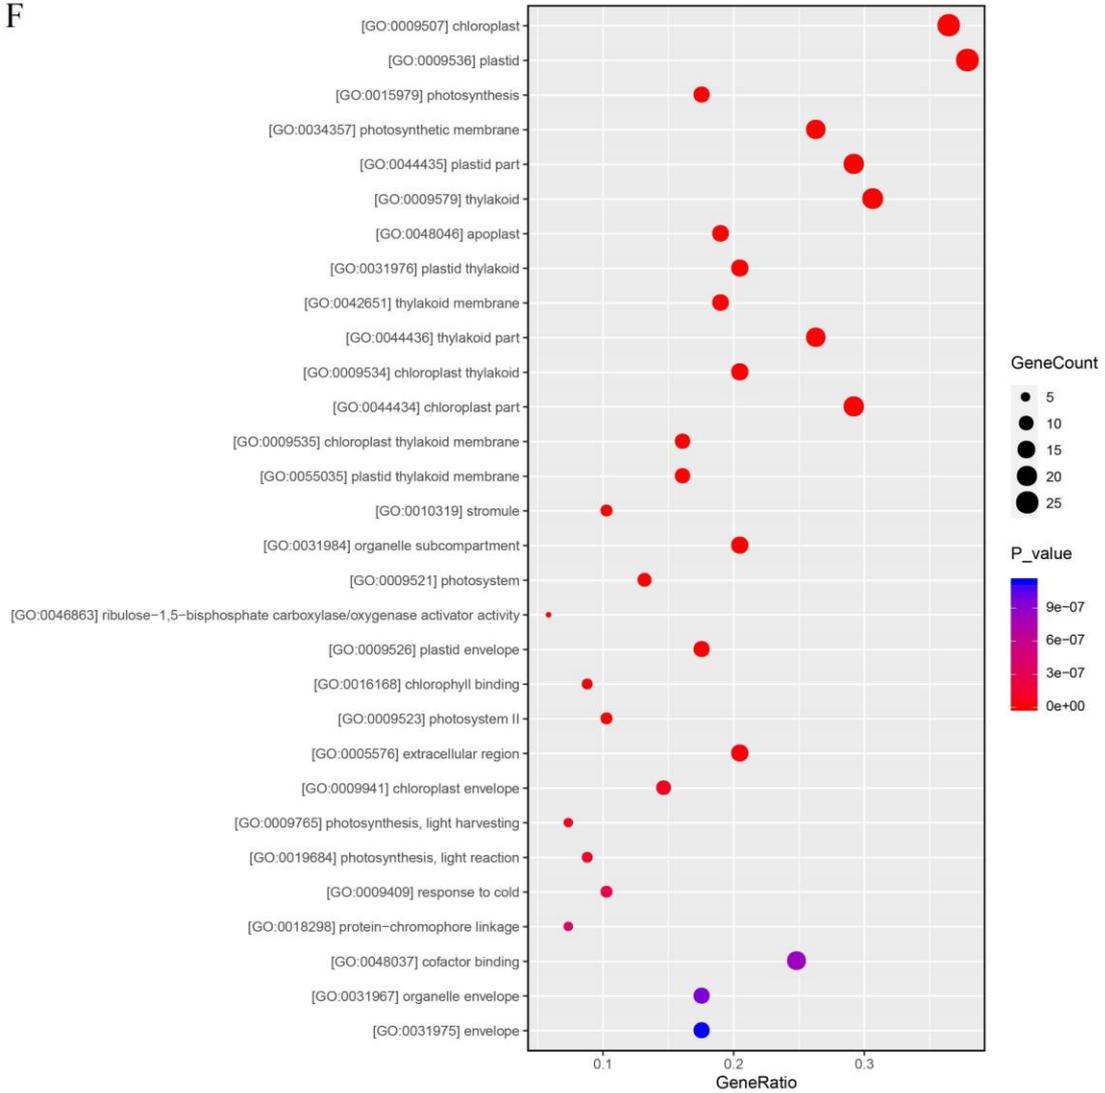

( D ) GO enrichment analysis of the late downregulated genes

( E ) GO enrichment analysis of the continuously upregulated genes

F

( F ) GO enrichment analysis of the continuously downregulated genes

**Figure S3.** GO enrichment analysis of different clusters of DEGs.
