

International Course Questionnaire of Undergraduates Majoring in Safety Engineering enrolled in 2018 and 2019 in a University in 2019 and 2020

一、Single choice

1 Before taking international course, do you have any knowledge about Safety Engineering?(professional foundation)

A Doesn't understand at all

B Only a little

C Better understand

D Understand

E Knows very well and has taken similar courses before

2 Teaching language (Chinese or English) poses impacts on studying international course.(teaching language)

A Absolutely disagree

B Largely disagree

C Neutrally

D Largely agree

E Absolutely agree

3 Foreign teachers teaching can have an impact on course learning.(teacher resources)

A Absolutely disagree

B Largely disagree

C Neutrally

D Largely agree

E Absolutely agree

4 Students with remarkable learning ability can benefit more from studying international course. (learning ability)

A Absolutely disagree

B Largely disagree

C Neutrally

D Largely agree

E Absolutely agree

5 You are interested in international course.(learning interest)

A Absolutely disagree

B Largely disagree

C Neutrally

D Largely agree

E Absolutely agree

6 You are looking forward to studying this course.(learning enthusiasm)

A Absolutely disagree

B Largely disagree

C Neutrally

D Largely agree

E Absolutely agree

7 Understandings and views on the study of international course are varying from students of different character. (student character)

A Absolutely disagree

B Largely disagree

C Neutrally

D Largely agree

E Absolutely agree

8 You are holding high expectations for this international course and hoping to learn new knowledge. (self-expectation)

A Absolutely disagree

B Largely disagree

C Neutrally

D Largely agree

E Absolutely agree

9 When you have academic anxiety, it can have a bad effect on the learning of the course. (academic anxiety)

A Absolutely disagree

B Largely disagree

C Neutrally

D Largely agree

E Absolutely agree

10 The better the teaching ability is, you will study more in the classroom.(teaching ability)

A Absolutely disagree

B Largely disagree

C Neutrally

D Largely agree

E Absolutely agree

11 The better the teaching innovation ability is, you will more benefit from to improve international course effectiveness. (teaching innovation)

A Absolutely disagree

B Largely disagree

C Neutrally

D Largely agree

E Absolutely agree

12 Online or classroom teaching influences international course effectiveness.(teaching methods)

A Absolutely disagree

B Largely disagree

C Neutrally

D Largely agree

E Absolutely agree

13 Harmonious classroom climate motivate your studying enthusiasm.(classroom climate)

A Absolutely disagree

B Largely disagree

C Neutrally

D Largely agree

E Absolutely agree

14 The better the teaching modes, you will more benefit from to improve international course effectiveness. (teaching modes)

A Absolutely disagree

B Largely disagree

C Neutrally

D Largely agree

E Absolutely agree

15 The more reasonable the teaching objectives, you will more benefit from to improve international course effectiveness. (teaching objectives)

A Absolutely disagree

B Largely disagree

C Neutrally

D Largely agree

E Absolutely agree

16 The stronger the social support, you will more benefit from to improve international course effectiveness. (social support)

A Absolutely disagree

B Largely disagree

C Neutrally

D Largely agree

E Absolutely agree

17 The greater the teaching investment, you will more benefit from to improve international course effectiveness. (teaching investment)

A Absolutely disagree

B Largely disagree

C Neutrally

D Largely agree

E Absolutely agree

18 The better the publicity, you will more benefit from to improve international course effectiveness. (publicity methods)

A Absolutely disagree

B Largely disagree

C Neutrally

D Largely agree

E Absolutely agree

19 The more harmonious the teacher-student relationship is, you will more benefit from to improve international course effectiveness. (teacher-student relationship)

A Absolutely disagree

B Largely disagree

C Neutrally

D Largely agree

E Absolutely agree

20 Social focus added into the course will motivate studying interest in international courses.(social focus)

A Absolutely disagree

B Largely disagree

C Neutrally

D Largely agree

E Absolutely agree

21 A good teaching planning helps you to understand and study international course in an comprehensive way.(lesson planning)

A Absolutely disagree

B Largely disagree

C Neutrally

D Largely agree

E Absolutely agree

22 You study very attentively and follow the teacher's ideas closely.(learning attitude)

A Absolutely disagree

B Largely disagree

C Neutrally

D Largely agree

E Absolutely agree

23 Teachers should give students learning materials to preview in advance before class begins.(learning materials)

A Absolutely disagree

B Largely disagree

C Neutrally

D Largely agree

E Absolutely agree

24 Classes are scheduled during the summer which can affect motivation. (class time)

A Absolutely disagree

B Largely disagree

C Neutrally

D Largely agree

E Absolutely agree

25 The effect of studying at home during summer vacation is lower than that in school.
(class location)

A Absolutely disagree

B Largely disagree

C Neutrally

D Largely agree

E Absolutely agree

26 You will continue to study such courses next time if you have the chance again.
(learning motivation)

A Absolutely disagree

B Largely disagree

C Neutrally

D Largely agree

E Absolutely agree

27 What you learn in this course will help you in your future work study. (course effectiveness)

A Absolutely disagree

B Largely disagree

C Neutrally

D Largely agree

E Absolutely agree

28 Studying this course can improve your ability in a certain aspect.(course effectiveness)

A Absolutely disagree

B Largely disagree

C Neutrally

D Largely agree

E Absolutely agree

29 Studying this course gives you a further understanding on Safety Engineering.(course effectiveness)

A Absolutely disagree

B Largely disagree

C Neutrally

D Largely agree

E Absolutely agree

二、 Multiple choice

30 What are your main purposes of studying international courses?(learning purpose)

A Improve professionalism

B Expand knowledge

C Learn about the latest international research progress in the discipline

D Experience international teaching methods and adapt to the process of internationalization

E Experience international culture

F Improve English ability

G Improve cooperation and communication ability

H Supplement basic expertise

31 Do you think English ability, cognitive ability, innovation ability, thinking ability and participation ability are helpful to the international courses?

A Not at all

B Only a little

C General

D Obvious

E Great

三、 Short answer questions

Overall, do you feel satisfied with this international course? Please write your view on this course down here.
