Table S1. Results of global spatial autocorrelation analysis of pinch points for 2000, 2010, and 2020.

Year	Moran's	Z Score	P Score
2000	0.88	108.55	0
2010	0.91	80.88	0
2020	0.92	68.32	0

Table S2. Comparison of OLS and GWR model.

Year	OLS	GWR
2000	0.155	0.214
2010	0.225	0.374
2020	0.197	0.336
