Table S3.
A summary of all those shared values statements produced by the Youth, Health and Women's Village Committees of Ufuma which contained reference to ecosystem services (ESs).

LABEL	STATEMENT	PRV	RGL	SPR	RCR	AES	INSP	EDU	SOP	CH	CDI	KS	SR
VY12	4. It is important to us that local businesses contribute to village development and job creation. [...we also have poultry farming and other types of farming. It is good in the community and it is a way of creating jobs also.]	0.5											
VY12	6. It is important to us that we are close to farming. [Apart from the normal cultivation or farming, we also have poultry farming and other types of farming. It is good in the	0.5									0.5		

	community and it is a way of creating jobs also.]			
VY12	7. It is important to us that those that have strength regularly volunteer to help with the erosion or road maintenance work [...that's why we the youth took it upon ourselves by telling our elders to remove their hands from anything that has to do with road maintenance work and even erosion control because the strength is still there in the youth].	0.5		0.5
VY12	10. It is important to us that we give people credit for the things they do for others. [...If you look carefully, you will discover that			0.75

	there are some of our people that always come to our aid - both in the issue of roads, when we are creating virgin roads, when we have problems…]		
VH13	9. It is important to us that we have good weather [...That is very important because if we don't have good weather, there is nothing that we cultivate that will be tangible…][Then from there, if we have good weather, (we will be able to produce food)]	0.5	0.5
VH13	10. It is important to us that our land can give us enough to sustain us [...we will have agriculture…because we have	1	

	lands…] [In fact we have enough land that will sustain us in food production]					
VH13	11. It is important to us that agricultural products are well processed and stored [Then if we produce food, we should process and store it. Right?]	0.5			0.5	
VW14	1. It is important that we have daily market	0.25			0.25	(0.5)
VW14	2. It is important that we have our own source of water	1				
VW14	3. It is important to us that erosion problems are controlled		1			

The meaning is coded as a proportion of any of the MEA ESs categories that seems applicable
