

## Supplementary

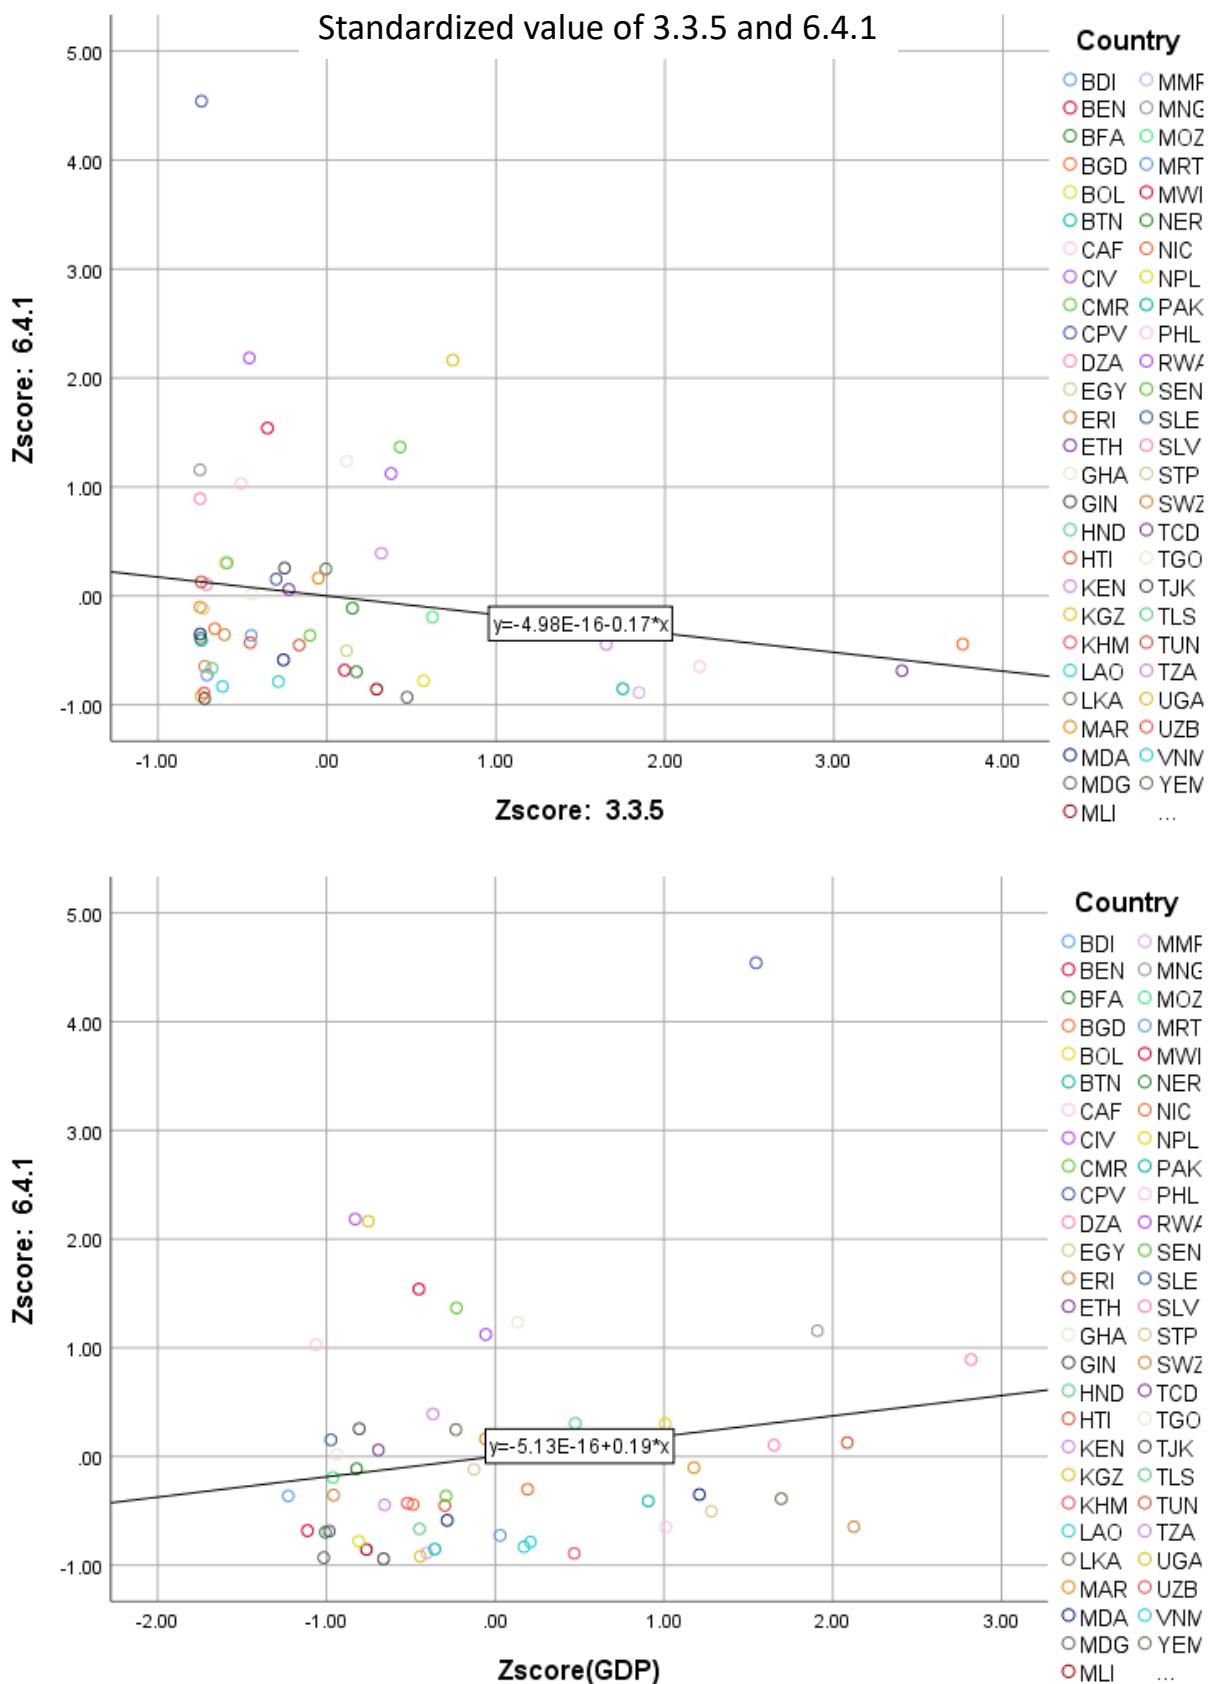

Supplementary Figure S1.a) Positive trend; b) negative trend

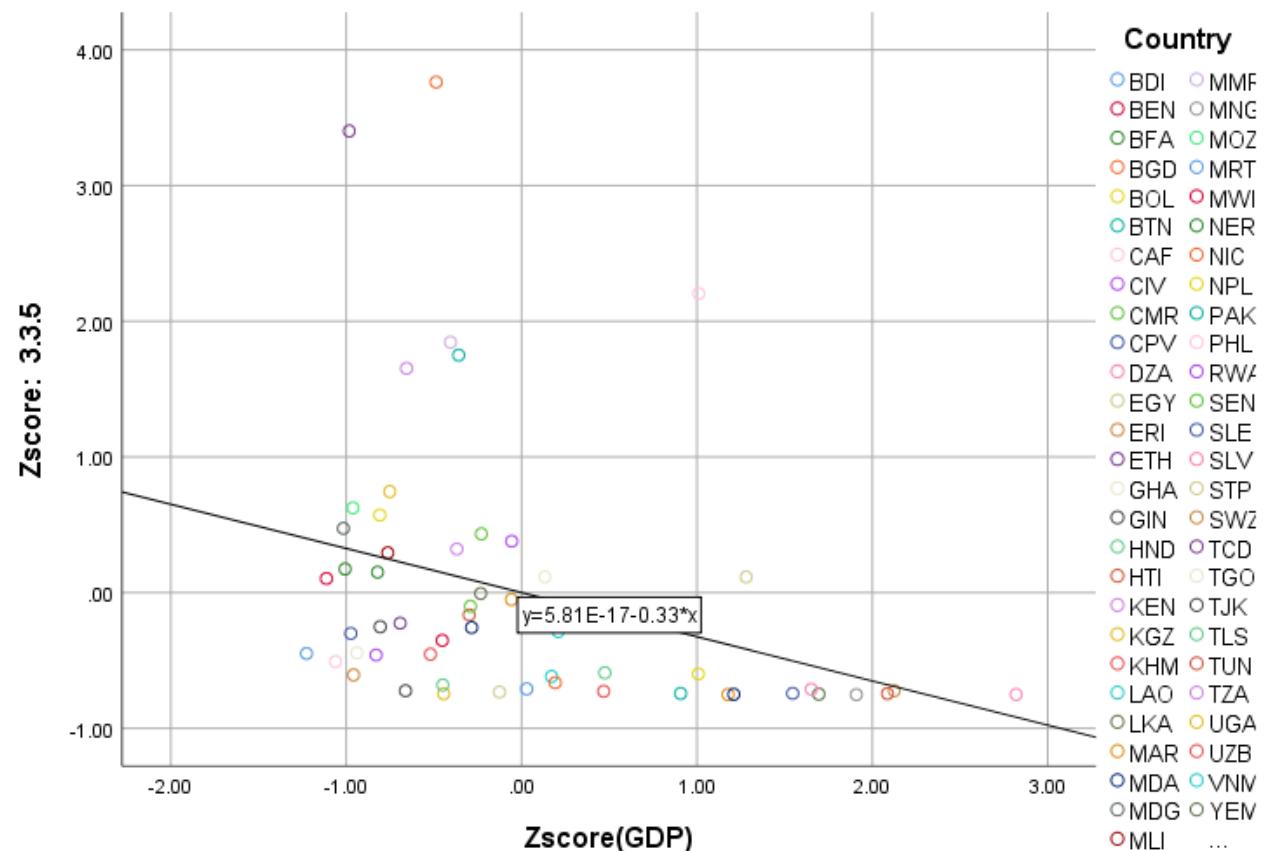

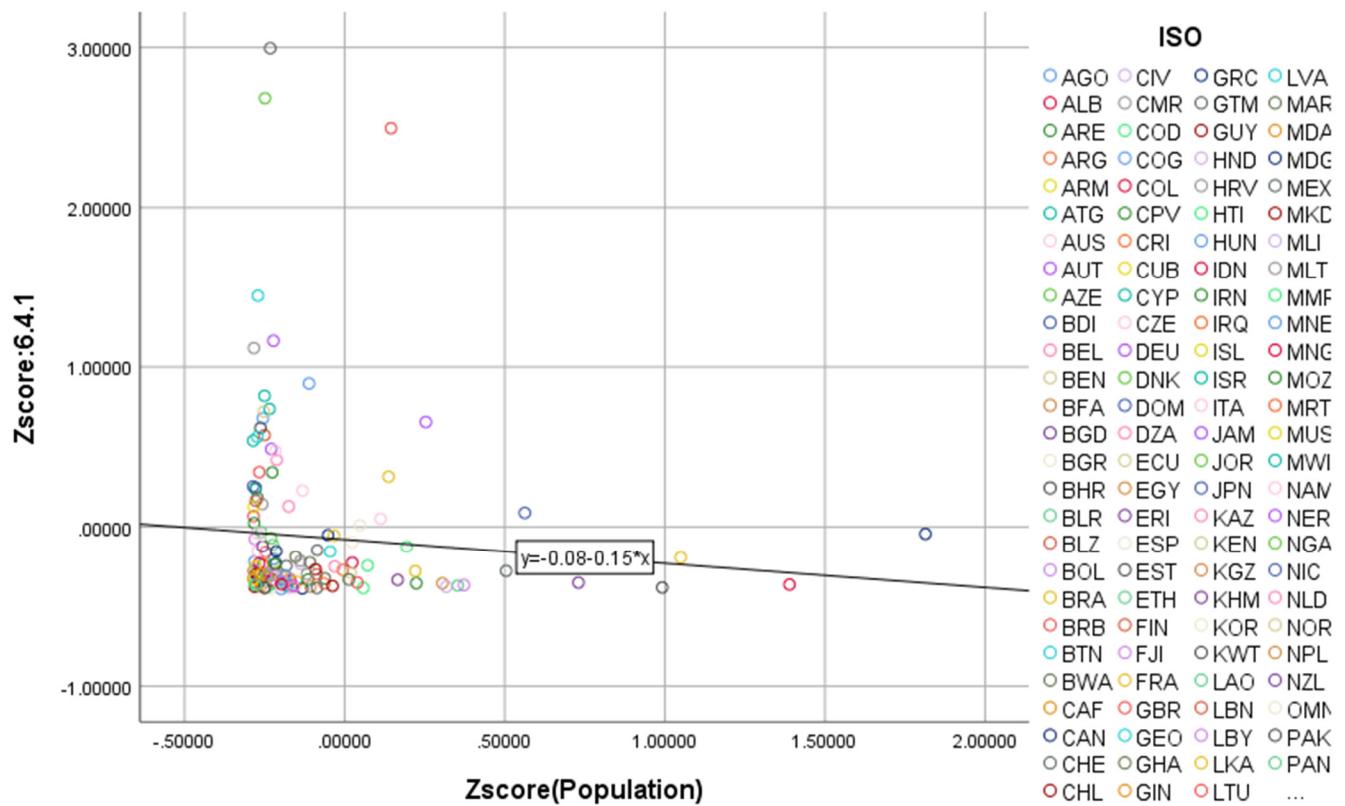

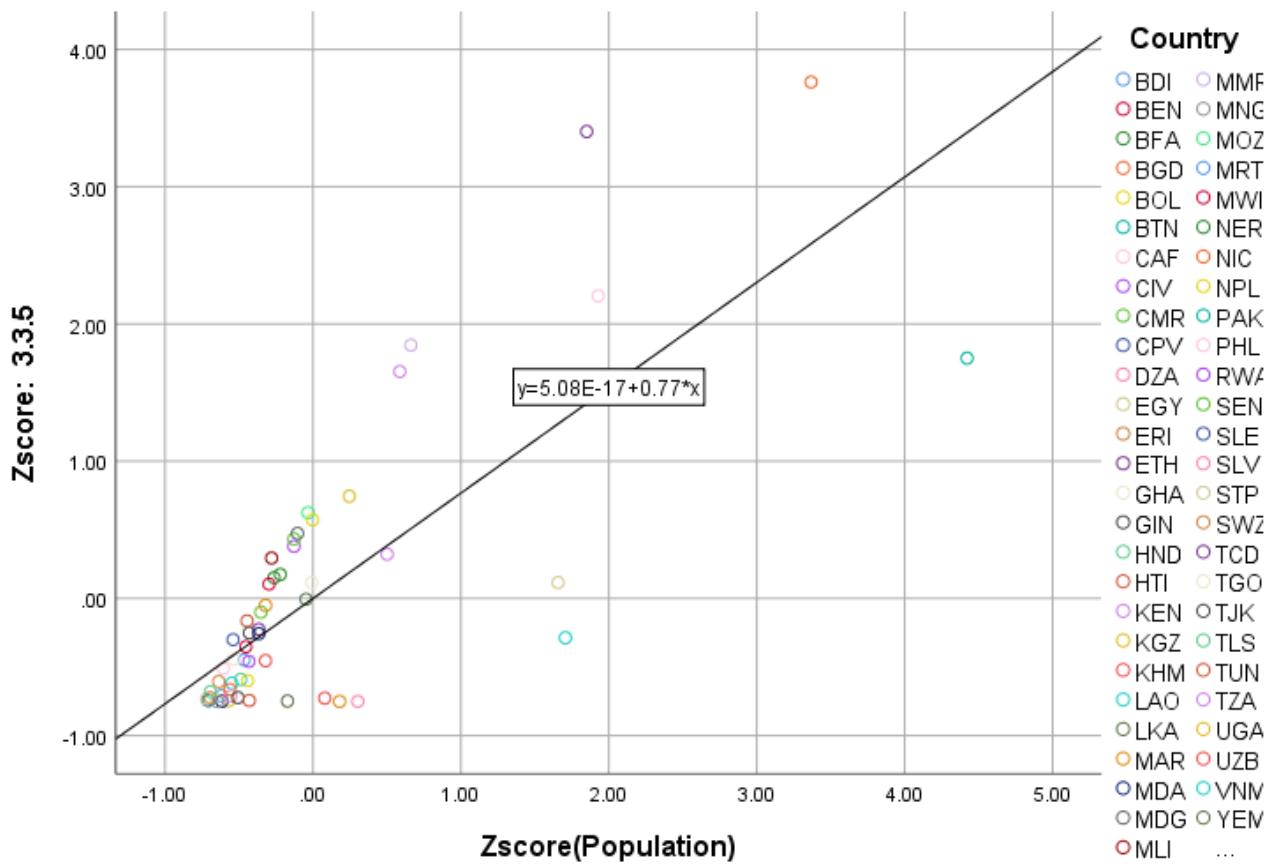

Supplementary Figure S2 shows the trends of example indicators (3.3.5 and 6.4.1) for different income levels and a scatterplot of data related to indicators 3.3.5 and 6.4.1 for all nations.

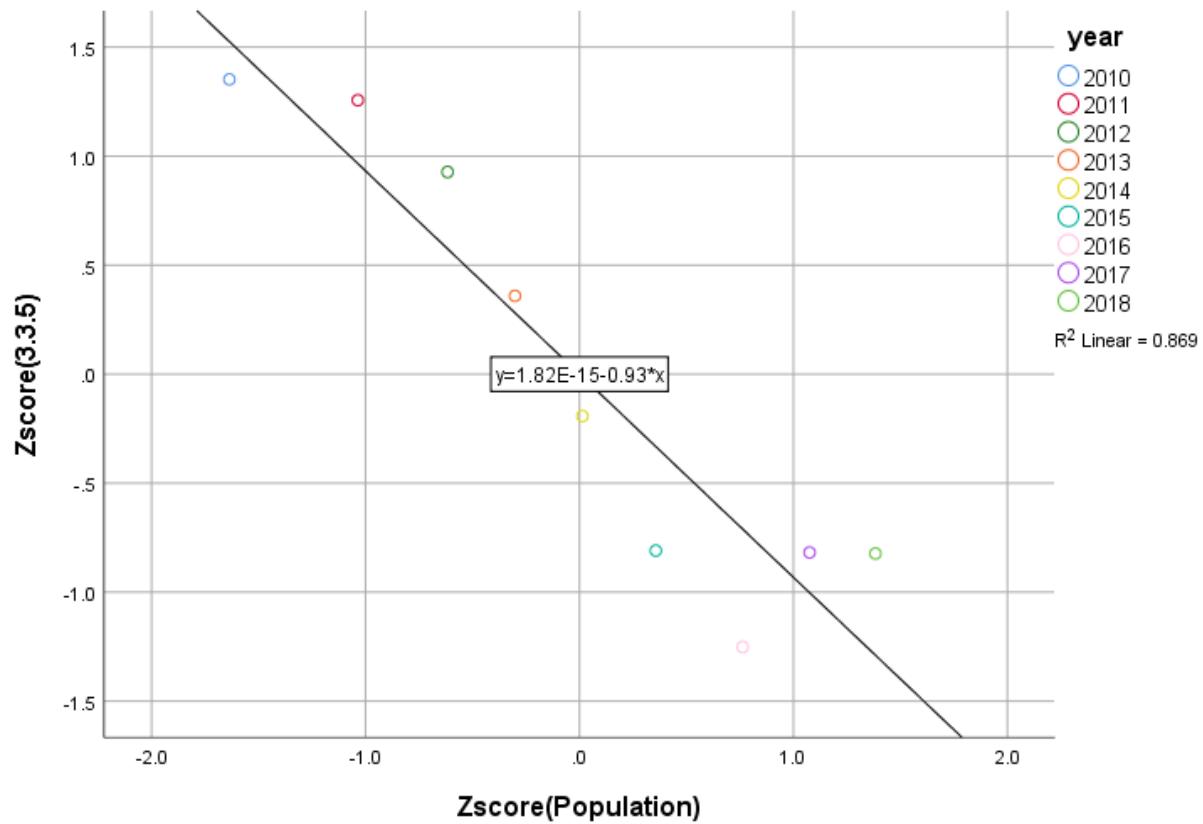

Supplementary Figure S3 Scatter plot of the correlations between indicators, GDP and population size

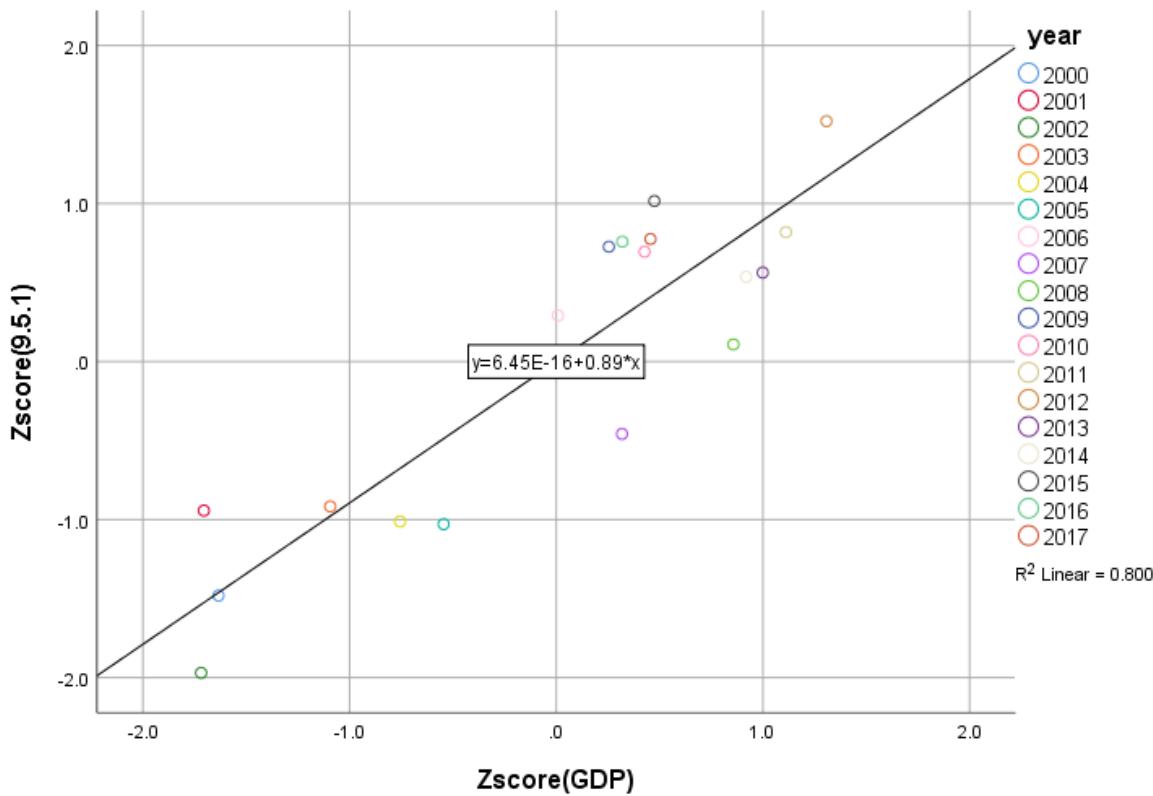

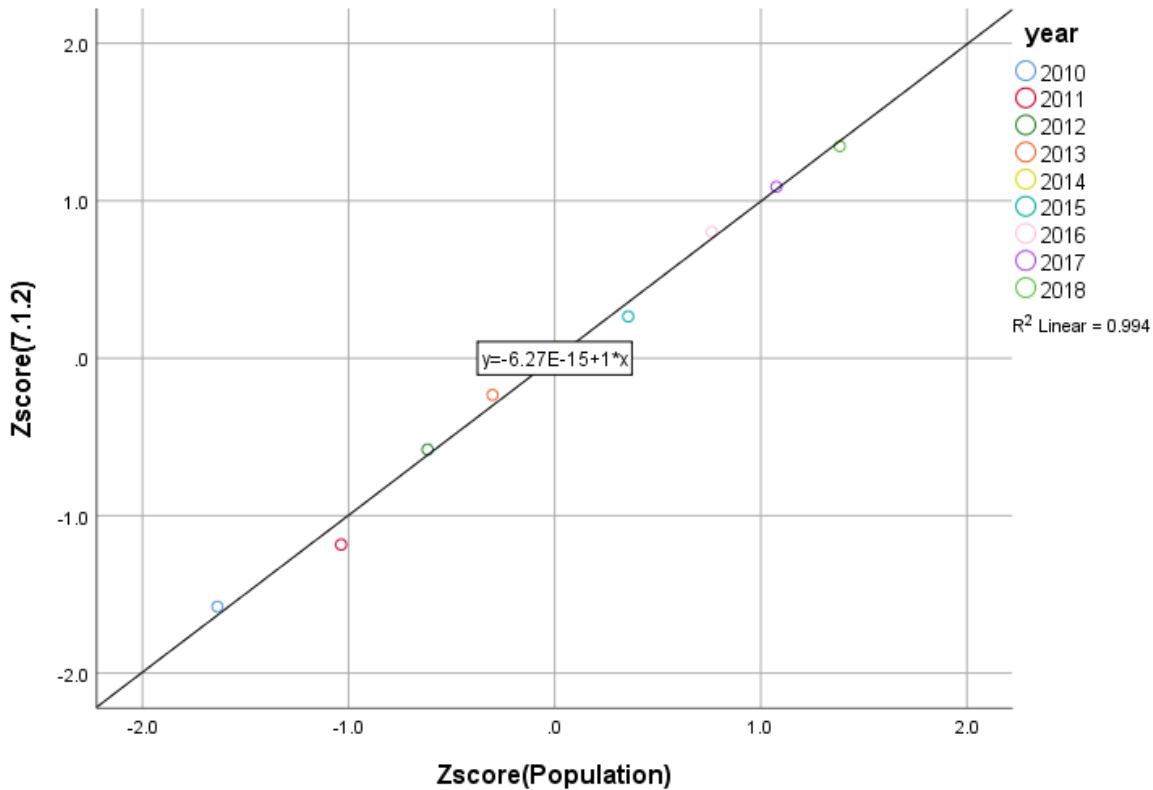

Supplementary Figure S4 Scatterplot shows yearly trend (the increase/decrease) of indicator influenced by population and GDP.

Supplementary Table S1. The magnitudes of the standardized coefficients (beta) of synergistic and trade-off interactions between indicators

Dependent indicator 1	Adjusted R square	Standardized coefficients (independent variable)			Dependent indicator 2	Adjusted R square	Standardized coefficients (independent variable)		
		Indicator 2	GDP	Pop			Indicator 1	GDP	Pop
