Table S3. Relative growth indices (RGI) and germination index (GI) of *L. sativa* were obtained with the selected treatments with the supernatant of *P. rubens* LBM 081 on the olive oil and domestic effluents.

Treatment	RGI	GI (%)
Olive effluent control	0,77	58,48
Treatment Olive effluent 44%	0,89	67,77
Domestic effluent control	0,73	65,32
Treatment domestic effluent 44%	0,98	87,85
