

*chemengineering*

Dear Colleagues,

We are pleased to announce that the winner of the *ChemEngineering* 2021 Young Investigator Award is Prof. Dr. Andrew S. Paluch.

## 2021 YOUNG INVESTIGATOR AWARD

# WINNER

Prof. Dr. Andrew S. Paluch. is an Associate Professor of the Department of Paper, and Biomedical Engineering at Miami University (Oxford, OH, USA). Prof. Dr. Andrew S. Paluch's research interests are in thermodynamics; phase-equilibrium; molecular simulation; separation processes. Prof. Dr. Andrew S. Paluch received his PhD in 2013 and has an outstanding publication record, comprising 36 publications in peer-reviewed international journals. Andrew's Scopus Scientific Citations number 14 and his Hirsch index is 14. He is clearly a rising star in the field of chemical engineering. As a single applicant, Prof. Dr. Andrew S. Paluch has secured funding of more than 58,600 EUR since 2014. This is an outstanding achievement in today's competitive environment. Please join us in congratulating Prof. Dr. Andrew S. Paluch for his outstanding achievements.

As the awardee, Prof. Dr. Andrew S. Paluch will receive an honorarium of 700 CHF, an offer to publish a paper free of charge in 2022 in *ChemEngineering* after peer-review, and an engraved plaque.

We would like to thank all the nominators from various fields of study for their participation and all the Award Committee Members for their evaluation of the abundant excellent nominations.
