

## Special Issue

# Selected Papers from the HYdrogen POWer THEoretical and Engineering Solutions International Symposium

### Message from the Guest Editors

“Towards hydrogen for everyone” is the theme of this edition of HYPOTHESIS XII, a series conference on “HYdrogen–POwer THEoretical and Engineering Solutions”, which, every two years, goes around the world to share the latest knowledge developed in the field of hydrogen and its related technologies. This year, HYPOTHESIS XII will be held in Siracusa, Sicily (Italy), which was the birthplace of Archimedes. Who does not remember Archimedes’ famous sentence “give me a place to stand and I will move the Earth”? A parallelism would be that hydrogen is the lever, Siracusa is the place, and the attendees are the power to move the next green community and economy. With these premises, authors and readers of this Special Issue of *ChemEngineering* on HYPOTHESIS XII are part of this enthusiastic community.

---

### Guest Editors

Dr. Massimiliano Lo Faro

Dr. Pietro Staiti

Dr. Orazio Di Blasi

Dr. Sabrina Campagna Zignani

---

### Deadline for manuscript submissions

## About the Journal

### Message from the Editor-in-Chief

---

#### Editor-in-Chief

Prof. Dr. Alirio E. Rodrigues

Laboratory of Separation and Reaction Engineering - Laboratory of  
Catalysis and Materials (LSRE-LCM), Department of Chemical  
Engineering, Faculty of Engineering, University of Porto, 4200-465  
Porto, Portugal

---

#### Author Benefits

##### High Visibility:

indexed within Scopus, ESCI (Web of Science), Inspec,  
CABIplus / SciFinder, and other databases.

##### Journal Rank:

JCR - Q2 (Engineering, Chemical) / CiteScore - Q2  
(General Engineering )

##### Rapid Publication:

manuscripts are peer-reviewed and a first decision is  
provided to authors approximately 32.8 days after  
submission; acceptance to publication is undertaken in 6.1  
days (median values for papers published in this journal in  
the second half of 2024).
