

Special Issue

2019 HYPOTHESIS XIV

Message from the Guest Editors

This Special Issue is devoted to the fourteenth edition of the Hydrogen Power Theoretical and Engineering Solutions International Symposium (HYPOTHESIS XIV). The motto of this edition of HYPOTHESIS is “Smart technologies for green life” and not for nothing ITAIPU has been chosen as venue of this edition. ITAIPU is the world’s largest hydroelectric generator and a site where many universities are hosted and which are developing technologies based on renewables. We would be honored if you participate with a scientific paper in the *ChemEngineering* Special Issue devoted to HYPOTHESIS XIV.

Guest Editors

Dr. Massimiliano Lo Faro

Dr. Pietro Staiti

Dr. Orazio Di Blasi

Dr. Sabrina Campagna Zignani

About the Journal

Message from the Editor-in-Chief

Editor-in-Chief

Prof. Dr. Mario J. Muñoz Batista

Department of Chemical Engineering, Faculty of Sciences, University of Granada, Avda. Fuentenueva, s/n, 18071 Granada, Spain

Author Benefits

High Visibility:

indexed within Scopus, ESCI (Web of Science), Inspec, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Engineering, Chemical) / CiteScore - Q1 (General Engineering)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 29.6 days after submission; acceptance to publication is undertaken in 5.7 days (median values for papers published in this journal in the first half of 2025).
