Selected Papers from 13th ISNS European Regional Meeting—Celebrating 10 Years of *IJNS*

Message from the Guest Editors

Only two months now and the 13th ISNS European Regional meeting will commence in Luxembourg. In keeping with previous ISNS conference, presenters of posters and presentations are encouraged to develop their conference contributions into a manuscript, that can be submitted under the flag of this special issue, that is dedicated to solidifying the scientific results of this 13th European regional meeting. Authors that would like to receive a 20% discount (320 CHF) on the Article Processing fees should visit the ISNS/IJNS booth at the conference and collect their free 20% discount voucher. As we will also celebrate 10 years of International Journal of Neonatal Screening, in this special Issue also other manuscripts that have not been presented at the meeting will be considered.
