Feature Papers of *J—Multidisciplinary Scientific Journal* in 2024

Message from the Guest Editor

We are pleased to announce a new Special Issue entitled "Feature Papers of *J—Multidisciplinary Scientific Journal* in 2024". *J* is a [peer-reviewed](#), open access journal addressing all natural and applied sciences published online by MDPI every quarter. Our goal is to improve the rapid dissemination of new research results and ideas and to allow research groups to create new studies, innovations, and knowledge without delay. This Special Issue will be a collection of high-quality papers contributed by excellent scholars from around the world. We expect original papers and comprehensive review papers in the fields of "Biology and Life Sciences" and "Medicine and Pharmacology". The papers will be published, free of charge, with full open access after peer review to benefit both authors and readers. You are welcome to send short proposals for submitting Feature Papers to our Editorial Office (J@mdpi.com) before submission. The Editors will first evaluate them. Please note that selected full papers will still be subjected to a thorough and rigorous peer review.
