

Special Issue

Clusters, Geographies, Economies, Innovations

Message from the Guest Editor

This Special Issue focuses on economic geographies, clusters, and innovations. Suitable topics include but are not limited to:

- Integration of spatial analysis and knowledge-based theory
- Regional case studies of technology geographies
- Epistemological considerations of information- and knowledge-driven studies of spatial or regional development
- Spatial scaling of knowledge sources for economic growth
- Clusters of knowledge creation
- Urban–rural dichotomies and digitalization
- Case-based solutions for local knowledge economies
- Comparative studies of innovative growth
- Geographical differentiation of innovation and knowledge production between and within countries
- Local lessons of science/technology and innovation initiatives
- Policy studies of technology
- Travelling theory, location context, and ICT

Guest Editor

Prof. Dr. Tommi Inkinen

Centre for Maritime Studies, Brahea Centre, University of Turku, 20014
Turku, Finland
