

## Special Issue

# The Evolutionary Path of Performance Measurement and Management in Light of Global Challenges

### Message from the Guest Editors

The overall objective of this call for papers is to improve the current knowledge and identify the current evolutionary path of performance measurement and management. To achieve this goal, we are asking for theoretical and practical contributions on performance measurement and management in order to support the literature and the public, private, and not-for-profit sectors. Keywords

- performance measurement
- performance management
- business performance
- public and private sectors
- not-for-profit organizations
- healthcare sector
- public administration
- government

## About the Journal

### Message from the Editor-in-Chief

Welcome to *Administrative Sciences*, the journal aims to advance and communicate knowledge concerning management theory and practice both in public administration and in profit organizations; it encourages submissions that build on interdisciplinary research in related fields, such as business, economics, political science, gender studies, psychology, sociology, physiology, communication theory or artificial intelligence and their implications on management, organizations and the society. Join us on a journey through the *Administrative Sciences*, where management merges with innovation.
