

Special Issue

Emerging Trends in Organizational Management and Business Innovation: Theory and Practice

Message from the Guest Editors

This Special Issue aims to provide a platform for cutting-edge research on emerging developments in organizational management, innovation strategies, and leadership approaches that shape modern business ecosystems. We welcome submissions that cover the following research areas:

- Advanced management development and circular business model innovation
- Entrepreneurial innovation and gender-related success factors
- Green transformation and sustainability-oriented organizational change
- Learning, development, and knowledge management in organizations
- Innovative organizational strategies, structures, and cultures
- Transformations in marketing technologies and green human resource management
- Data-driven decision making in organizations
- Leadership and change management in uncertain environments
- Innovation in supply chain and project management
- Corporate social responsibility, shared value creation, and stakeholder engagement

About the Journal

Message from the Editor-in-Chief

Welcome to *Administrative Sciences*, the journal aims to advance and communicate knowledge concerning management theory and practice both in public administration and in profit organizations; it encourages submissions that build on interdisciplinary research in related fields, such as business, economics, political science, gender studies, psychology, sociology, physiology, communication theory or artificial intelligence and their implications on management, organizations and the society. Join us on a journey through the *Administrative Sciences*, where management merges with innovation.

Editor-in-Chief

Prof. Dr. Isabel-María García-Sánchez

Department of Business Administration and Economics, Universidad de Salamanca, 37007 Salamanca, Spain
