

## Special Issue

# Sustainability in Corporate Governance: Strategy, Practice and Prospect

### Message from the Guest Editors

We invite original research papers and review articles that address, but are not limited to, the following topics:

#### **Digital Transformation and Sustainability:**

- Strategies for integrating digital technologies to enhance sustainability;
- The impact of digital transformation on corporate governance and environmental practices;
- Case studies of successful digital transformation initiatives in various industries.

#### **Corporate Sustainability:**

- The relationship between ESG scores and firm corporate governance mechanisms;
- Digital strategies for achieving corporate social responsibility (CSR) goals;
- The role of digital tools in enhancing stakeholder engagement and communication;
- Innovative business models that promote economic and environmental sustainability.

#### **Artificial Intelligence and Business Optimisation:**

- AI-driven solutions for corporate monitoring and management;
- Predictive analytics for resource optimisation;
- AI applications in corporate decision making.

## About the Journal

### Message from the Editor-in-Chief

Welcome to *Administrative Sciences*, the journal aims to advance and communicate knowledge concerning management theory and practice both in public administration and in profit organizations; it encourages submissions that build on interdisciplinary research in related fields, such as business, economics, political science, gender studies, psychology, sociology, physiology, communication theory or artificial intelligence and their implications on management, organizations and the society. Join us on a journey through the *Administrative Sciences*, where management merges with innovation.
