

Special Issue

The Era of Technology: Impacts and Implications of Digital and Artificial Intelligence Transformation on Organizations

Message from the Guest Editor

In this Special Issue, original research articles and reviews are welcome. Research areas may include (but are not limited to) the following: - The organizational impact of digital transformation (DX); - The organizational impact of artificial intelligence transformation (AX); - Governance, ethics, and compliance in the era of digital and AI transformation; - Workforce transformation in the age of DX and AX; - Strategic adaptation and innovation through digital and AI technologies; - Performance metrics and value creation in digitally and AI-transformed organizations; - Consumer and stakeholder reactions to organizational DX and AX initiatives. We look forward to receiving your contributions.

About the Journal

Message from the Editor-in-Chief

Welcome to *Administrative Sciences*, the journal aims to advance and communicate knowledge concerning management theory and practice both in public administration and in profit organizations; it encourages submissions that build on interdisciplinary research in related fields, such as business, economics, political science, gender studies, psychology, sociology, physiology, communication theory or artificial intelligence and their implications on management, organizations and the society. Join us on a journey through the *Administrative Sciences*, where management merges with innovation.

Editor-in-Chief

Prof. Dr. Isabel-María García-Sánchez

Department of Business Administration and Economics, Universidad de Salamanca, 37007 Salamanca, Spain
