

## Special Issue

# Organizational Management in Emerging Markets

### Message from the Guest Editors

Research on emerging markets began shortly after the world experienced significant growth in the rapidly changing economies of East Asia, Latin America, South Asia, and Eastern Europe in the 1980s. Emerging markets research field is very impactful and rich in the international business and management areas. Therefore, this special issue in relation to Administrative Sciences' aims, hopes to advance knowledge in the field of emerging markets concerning management theory and practice to meet current and future challenges in COVID-19 and post COVID-19 period to manage public administration and profit organizations.

## About the Journal

### Message from the Editor-in-Chief

Welcome to *Administrative Sciences*, the journal aims to advance and communicate knowledge concerning management theory and practice both in public administration and in profit organizations; it encourages submissions that build on interdisciplinary research in related fields, such as business, economics, political science, gender studies, psychology, sociology, physiology, communication theory or artificial intelligence and their implications on management, organizations and the society. Join us on a journey through the *Administrative Sciences*, where management merges with innovation.
