

Special Issue

Corporate Strategy and Sustainable Development: Perspective on Digital Innovation

Message from the Guest Editors

This Special Issue focuses on the following three aspects: 1. To explore the topic of digital innovation for sustainable development in Marketing, Human Resource Management, Operations & Supply Chain Management, Finance and Accounting, Information Technology, Strategy & Entrepreneurship, and General Management. 2. To extend the rich literature of studies of digital innovations with a focus on corporate strategy and sustainable development. Further, it aims to bring together researchers from the larger and diverse disciplines researching issues of sustainability and digital innovation. 3. The call also welcomes submissions on adjacent topics that fit into the general trend of influence of digital innovation in corporate strategy and sustainable development and linking theory with practice. Keywords:

- Digital
- Technologies
- Sustainable Development Goals
- Innovation
- Strategy
- Development

About the Journal

Message from the Editor-in-Chief

Welcome to *Administrative Sciences*, the journal aims to advance and communicate knowledge concerning management theory and practice both in public administration and in profit organizations; it encourages submissions that build on interdisciplinary research in related fields, such as business, economics, political science, gender studies, psychology, sociology, physiology, communication theory or artificial intelligence and their implications on management, organizations and the society. Join us on a journey through the *Administrative Sciences*, where management merges with innovation.

Editor-in-Chief

Prof. Dr. Isabel-María García-Sánchez

Department of Business Administration and Economics, Universidad de Salamanca, 37007 Salamanca, Spain
