

Special Issue

Sustainable Civil Supersonic and Hypersonic Aircraft: Main Challenges and Latest Developments

Message from the Guest Editor

We kindly invite you to submit full-research articles and review manuscripts addressing (but not limited to) the following topics:

- Holistic conceptual design methodologies and tools
- Innovative vehicle and subsystems configurations (with special interest to the impact of sustainable aviation fuels: bio-fuels, liquid hydrogen, etc.)
- Multidisciplinary design optimization
- Pollutant and greenhouse gases emission characterization in conceptual design
- Noise emissions characterization, abatement technologies and procedures
- Air quality and climate impact
- Sonic boom prediction: signature, atmospheric propagation, and meteorological effects
- Methodologies and tools for life-cycle cost estimations for supersonic and hypersonic transportation systems
- Technology road mapping methodologies and tools
- Concept of operations analysis: trajectory optimization, out-of-nominal mission, safety assessment, etc.
- Human factors and social acceptance
- Regulatory framework

Guest Editor

Dr. Roberta Fusaro

About the Journal

Message from the Editor-in-Chief

You are welcome to contribute a research article or a comprehensive review for consideration and publication in *Aerospace* (ISSN 2226-4310), an on-line, open access journal.

Aerospace adheres to rigorous peer-review as well as editorial processes and publishes high quality manuscripts that address both the fundamentals and applications of aeronautics and astronautics. Our goal is to enable rapid dissemination of high impact works to the scientific community.

Editor-in-Chief

Prof. Dr. Konstantinos Kontis
School of Engineering, University of Glasgow, James Watt Building
South, University Avenue, Glasgow G12 8QQ, Scotland, UK

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), Inspec, Ei Compendex, and other databases.

Journal Rank:

JCR - Q2 (Engineering, Aerospace) / CiteScore - Q2
(Aerospace Engineering)
