

# Special Issue

## The (Near) Future of Space Resources

### Message from the Guest Editor

I am writing to invite you to contribute to this Special Issue of MDPI's journal *Aerospace*, which is dedicated to the exploration and utilization of space resources—an exciting frontier that promises to redefine the future of human civilization. As we stand on the cusp of a new era in space exploration, the significance of harnessing extraterrestrial resources cannot be overstated. This edition aims to serve as a comprehensive platform for scholarly discussions and cutting-edge research, connecting experts from diverse fields to explore the myriad opportunities and challenges associated with the sustainable exploitation of space resources.

## About the Journal

### Message from the Editor-in-Chief

You are welcome to contribute a research article or a comprehensive review for consideration and publication in *Aerospace* (ISSN 2226-4310), an on-line, open access journal.

*Aerospace* adheres to rigorous peer-review as well as editorial processes and publishes high quality manuscripts that address both the fundamentals and applications of aeronautics and astronautics. Our goal is to enable rapid dissemination of high impact works to the scientific community.

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), Inspec, Ei Compendex, and other databases.

#### Journal Rank:

JCR - Q2 (Engineering, Aerospace) / CiteScore - Q2 (Aerospace Engineering)
