

Special Issue

Advanced Aircraft Composite Structure Design

Message from the Guest Editors

This Special Issue, titled "Advanced Aircraft Composite Structure Design", focuses on the latest advancements and cutting-edge research that contribute to knowledge in the use of composite materials in aircraft structures. Original research papers and review articles dealing with design, research, and development studies, experimental investigations, theoretical analysis, and fabrication techniques relevant to the application of composites, ranging from individual components such as plates to complete composite structures, are welcome.

About the Journal

Message from the Editor-in-Chief

You are welcome to contribute a research article or a comprehensive review for consideration and publication in *Aerospace* (ISSN 2226-4310), an on-line, open access journal.

Aerospace adheres to rigorous peer-review as well as editorial processes and publishes high quality manuscripts that address both the fundamentals and applications of aeronautics and astronautics. Our goal is to enable rapid dissemination of high impact works to the scientific community.

Editor-in-Chief

Prof. Dr. Konstantinos Kontis
School of Engineering, University of Glasgow, James Watt Building
South, University Avenue, Glasgow G12 8QQ, UK

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), Inspec, Ei Compendex, and other databases.

Journal Rank:

JCR - Q2 (Engineering, Aerospace) / CiteScore - Q2 (Aerospace Engineering)
