Advances in Aerospace Software Engineering

Message from the Guest Editors

The last two decades in software engineering have been characterized by a fast pace of change in almost all aspects, from lifecycle models to tooling and from requirements engineering to testing. On one hand, software engineering is evolving toward removing disconnects among its activities by employing continuous practices to achieve agile processes.

About the Journal

Message from the Editor-in-Chief

You are welcome to contribute a research article or a comprehensive review for consideration and publication in *Aerospace* (ISSN 2226-4310), an on-line, open access journal.

Aerospace adheres to rigorous peer-review as well as editorial processes and publishes high quality manuscripts that address both the fundamentals and applications of aeronautics and astronautics. Our goal is to enable rapid dissemination of high impact works to the scientific community.
