

Special Issue

ECO-COMPASS: Ecological and Multifunctional Composites for Application in Aircraft Interior and Secondary Structures

Message from the Guest Editors

This Special Issue is cooperating with the special session entitled “ECO-COMPASS: Ecological and Multifunctional Composites for Application in Aircraft Interior and Secondary Structures” that was organized at ICCS20 (Paris, France, 4–7 September 2017, <https://events.unibo.it/iccs20>). It will give the opportunity to present research activities carried out within the project and to disseminate recent results and achievements. Authors of outstanding papers related to the ECO-COMPASS project are invited to submit their work to this Special Issue for publication, related but not limited to the following topics: bio-composite; eco-composite; bio-fibre; bio-resin; multifunction green composites; characterization; modelling and simulation; applications; life cycle assessment; aviation

Advantages:

- Open Access
- High Visibility: indexed in the Emerging Sources Citation Index (ESCI - Web of Science) from Vol. 3, Scopus and Inspec (IET) from Vol. 4.
- Rapid Publication: submission to first decision: 21 days; acceptance to publication: 6.3 days

About the Journal

Message from the Editor-in-Chief

You are welcome to contribute a research article or a comprehensive review for consideration and publication in *Aerospace* (ISSN 2226-4310), an on-line, open access journal.

Aerospace adheres to rigorous peer-review as well as editorial processes and publishes high quality manuscripts that address both the fundamentals and applications of aeronautics and astronautics. Our goal is to enable rapid dissemination of high impact works to the scientific community.

Editor-in-Chief

Prof. Dr. Konstantinos Kontis
School of Engineering, University of Glasgow, James Watt Building
South, University Avenue, Glasgow G12 8QQ, Scotland, UK

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), Inspec, Ei Compendex, and other databases.

Journal Rank:

JCR - Q2 (Engineering, Aerospace) / CiteScore - Q2
(Aerospace Engineering)
