Deadline for manuscript  
submissions:

**closed (15 December 2023)**

### Message from the Guest Editors

Dear Colleagues,

A Special Issue of *Agriculture* is going to be released in the second half of 2023, devoted to seed storage and longevity. The subject is extremely pertinent these days, in the times of accelerating climate change, declining biodiversity, political and economic conflicts, and the rapidly expanding range of available research methods. We are pleased to invite you to submit the results of your discoveries to share them with the readers of our journal. *Agriculture* is an international, scientific peer-reviewed open access journal published monthly online by MDPI.

The Special Issue announced here will provide a platform for presenting recent developments in areas spanning the following subjects: the effects of biotic and abiotic factors on seed storage, vigor, and viability assessments, seed biochemical composition and its changes during storage, genetic determinants of seed storability, seed aging manifestations in various cell compartments, and seed banks. Original research articles and reviews are welcome. We look forward to receiving your contributions.

an Open Access Journal by MDPI

## Message from the Editor-in-Chief

*Agriculture* (ISSN 2077-0472) is an international, crossdisciplinary and scholarly open access journal on the science and technology of crop and animal production, and management of the natural resource base for agricultural production. *Agriculture* is published in an open access format – research articles, reviews and other contents are released on the internet immediately after acceptance. The scientific community and the public have unlimited and free access to the content as soon as it is published.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE (Web of Science), PubAg, AGRIS, RePEc, and other databases.

**Journal Rank:** JCR - Q1 (*Agronomy*) / CiteScore - Q2 (*Plant Science*)
