

Special Issue

Selected Papers from 2nd International Online Conference on Agriculture—Research Achievements and Challenges (IOCAG2023)

Message from the Guest Editor

Agriculture was a major development in human history, leading to the rise of civilizations. The MDPI journal *Agriculture*, a peer-reviewed open access international journal of MDPI, has announced the second International Online Conference on Agriculture—Research Achievements and Challenges (IOCAG2023), which will be held online (Sciforum) from 1 to 15 November 2023. To celebrate IOCAG2023 and the appeal for the most advanced research in the field, *Agriculture* will dedicate one Special Issue to the conference, with a 20% discount on the Article Processing Charges (APC). Specific topics of interest include, but are not limited to, the following:

- Ecosystem, Environment and Climate Change in Agriculture;
- Agricultural Systems and Management;
- Agricultural Soils;
- From Field to Consumers: Challenges and Approaches to High-Quality Agricultural Products;
- Agricultural Water Management;
- Artificial Intelligence for Advanced Analyses in Agriculture;
- Breeding for Sustainable Agriculture Intensification in a Changing World;
- Climate-Smart Agriculture: Practices, Determinants, Productivity and Efficiency;
- Crop Production;
- Poster Session.

About the Journal

Message from the Editor-in-Chief

Agriculture (ISSN 2077-0472) is an international, cross-disciplinary and scholarly journal on the science and technology of crop and animal production, and management of the natural resource base for agricultural production. We invite submissions from authors according to the aims and scope of the journal described in more detail on this page. *Agriculture* is published in an open access format – articles are published on the journal's website immediately after acceptance, giving the scientific community and the public unlimited and free access to the content.

Editor-in-Chief

Prof. Dr. Les Copeland

Sydney Institute of Agriculture, School of Life and Environmental Sciences, The University of Sydney, Sydney, NSW 2006, Australia

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubAg, AGRIS, RePEc, and other databases.

Journal Rank:

JCR - Q1 (Agronomy) / CiteScore - Q1 (Plant Science)
