

## Special Issue

# Migration and Diffusion of Heavy Metals and Metalloids in Agri-Soil Systems

### Message from the Guest Editors

Agricultural soil is a long-term sink for heavy metals and metalloids. The accumulation, diffusion, and migration of heavy metals and metalloids in agricultural soil systems pose a serious threat to the health of the agricultural ecosystem, animals, and humans. Therefore, it is of vital importance to gain a deeper understanding of the characteristics of diffusion and migration of heavy metals and metalloids in agricultural soil systems. This Special Issue welcomes scientific contributions to the aforementioned topic. High-quality original research and reviews are accepted. Areas of interest for this Special Issue include, but are not limited to, the following:

- The migration and transformation of heavy metals and metalloids in soil and plants;
- Sources and accumulation of heavy metals and metalloids in agricultural systems;
- Distribution and forms of metal(loid)s in agri-soil systems;
- Environmental or health risk assessment on the migration of metal(loid)s;
- Mathematical modeling and numerical simulation for the migration of metal(loid)s on regional or large scales;
- Amendments to reduce the bioavailability and plant accumulation of metal(loid)s in agricultural soil.

---

### Guest Editors

Dr. Zhiming Zhang  
Prof. Dr. Rupali Datta  
Dr. Chenxi Zhai

## About the Journal

### Message from the Editor-in-Chief

*Agriculture* (ISSN 2077-0472) is an international, scholarly and scientific open access journal publishing peer-reviewed research papers, review articles, communications and short notes that reflect the breadth and interdisciplinarity of agriculture.

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), GEOBASE, PubAg, AGRIS, RePEc, and other databases.

#### Journal Rank:

JCR - Q1 (Agronomy) / CiteScore - Q1 (Plant Science)
