

Special Issue

Swine Diseases: Prevention, Control and Food Safety

Message from the Guest Editor

Taking into account the importance of pig production in numerous countries of Europe, the purpose of the forthcoming Issue of *Agriculture* is to discuss the most important topics related to swine diseases, including the aspects of prevention, epidemiology, control, and food safety. Therefore, I would like cordially to invite you to submit your relevant papers to the incoming Issue of our journal. Your valuable input will hopefully enrich the current state of knowledge and practical approach to the global production of pigs. Prof. Dr. Grzegorz Woźniakowski
