

Special Issue

Swine Diseases: Prevention, Control and Food Safety

Message from the Guest Editor

Taking into account the importance of pig production in numerous countries of Europe, the purpose of the forthcoming Issue of *Agriculture* is to discuss the most important topics related to swine diseases, including the aspects of prevention, epidemiology, control, and food safety. Therefore, I would like cordially to invite you to submit your relevant papers to the incoming Issue of our journal. Your valuable input will hopefully enrich the current state of knowledge and practical approach to the global production of pigs. Prof. Dr. Grzegorz Woźniakowski

Guest Editor

Prof. Dr. Grzegorz Wozniakowski

Department of Diagnosis and Clinical Sciences, Faculty of Biological and Veterinary Sciences, Nicolaus Copernicus University in Toruń, Lwowska 1, 87-100 Toruń, Poland

About the Journal

Message from the Editor-in-Chief

Agriculture (ISSN 2077-0472) is an international, cross-disciplinary and scholarly journal on the science and technology of crop and animal production, and management of the natural resource base for agricultural production. We invite submissions from authors according to the aims and scope of the journal described in more detail on this page. *Agriculture* is published in an open access format – articles are published on the journal's website immediately after acceptance, giving the scientific community and the public unlimited and free access to the content.

Editor-in-Chief

Prof. Dr. Les Copeland

Sydney Institute of Agriculture, School of Life and Environmental Sciences, The University of Sydney, Sydney, NSW 2006, Australia

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.
