

Special Issue

Novel Methods for Food Product Preservation

Message from the Guest Editors

We are pleased to announce the Special Issue "Novel Methods for Food and Agricultural Products Preservation" in the scientific journal *AgriEngineering*. The Special Issue focuses on exploring new methods for preserving food and agricultural products in response to the increasing demand for fresh, safe, and environmentally friendly food. Specifically, we are interested in articles that explore bio-preservatives, active packaging, and eco-friendly and non-thermal technologies, which are emerging as viable alternatives to traditional methods. We hope that this Special Issue will provide a platform for researchers and practitioners to share their findings and insights, and contribute to the advancement of agricultural and food preservation technologies.

About the Journal

Message from the Editor-in-Chief

AgriEngineering (ISSN 2624-7402) is an international open access, open-source, and cross-disciplinary scientific journal on the engineering science of agricultural and horticultural production. Our aim is to encourage scientists to publish their experimental and theoretical research, along with the full set of schematics, source-code, and mechanical design models leading to accelerated and rapid dissemination of leading-edge technologies emerging in agricultural, environmental, and agronomic engineering. *AgriEngineering* publishes articles, technical notes, reviews, commentaries, and case/field reports, as well as Special Issues on particular subjects.

Editor-in-Chief

Prof. Dr. Francesco Marinello

Department of Land, Environment, Agriculture and Orestry, University of Padova, 35020 Legnaro, Padova, Italy

Author Benefits

High Visibility:

indexed within Scopus, ESCI (Web of Science), PubAg, FSTA, AGRIS, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Agricultural Engineering) / CiteScore - Q1 (Horticulture)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 22 days after submission; acceptance to publication is undertaken in 6.3 days (median values for papers published in this journal in the second half of 2025).
