Message from the Guest Editors

Fellow scientists,

The Special Issue “Producer Perceptions and Adoption of Irrigation Best Management Practices in the Lower Mississippi River Basin” focuses on research, review, and opinion articles that pertain to how producers, agricultural industry representatives, or the general public perceive water quantity and quality issues in the Lower Mississippi River Basin (LMRB). Article submissions based on analyses of stakeholder surveys or bridging experimental research and producer experience are welcome.

Dr. L Jason Krutz

Message from the Editor-in-Chief

Agronomy draws together researchers from diverse areas of agricultural research with a common aim of enhancing agricultural productivity globally. The journal provides unlimited free access to all those interested in advancing agricultural science from both the research and general community. Papers are released immediately after acceptance through the internet. *Agronomy* is supported by our authors and their institutes through low article processing charges (APC) for accepted papers. We hope you will support the journal by becoming one of our authors.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubAg, AGRIS, and other databases.

Journal Rank: JCR - Q1 (*Agronomy*) / CiteScore - Q1 (*Agronomy and Crop Science*)
