Selected Papers from the 3rd International Electronic Conference on Agronomy (IECAG 2023)

Message from the Guest Editors

Welcome to the 3rd International Electronic Conference in Agronomy, A Global Perspective on 21st Century Agronomy: Research Opportunities and Challenges Ahead (<https://sciforum.net/event/IECAG2023>), to be held on 15–30 Oct 2023. At this conference, we aim to promote and advance the exciting and rapidly changing field of agronomy. We look forward to seeing you at our event, and I am pleased to announce a Special Issue dedicated to this conference. This Special Issue will feature selected articles from the Proceedings volume associated with our event, which will be published on sciforum.net. We encourage submissions on a wider range of topics, including, but not limited to:

- Disease, pest and weed control in sustainable agriculture;
- Agro-ecology innovation for re-inventing cropping and grazing systems;
- Improving nutrient- and water-use efficiencies;
- Digital farming for the evolution of agriculture and agricultural engineering;
- Plant breeding, genetics, genomics and biotechnology;
- Horticultural and floricultural crops.

We look forward to having fruitful discussions and exchanging ideas during this conference and eagerly await receiving your contribution.

About the Journal

Message from the Editor-in-Chief

Agronomy draws together researchers from diverse areas of agricultural research with a common aim of enhancing agricultural productivity globally. The journal provides unlimited free access to all those interested in advancing agricultural science from both the research and general community. Papers are released immediately after acceptance through the internet.

Agronomy is supported by our authors and their institutes through low article processing charges (APC) for accepted papers. We hope you will support the journal by becoming one of our authors.
