Special Issue

Integrated Nutrient Management for Farming Sustainability

Message from the Guest Editors

The Special Issue is open to research, review papers and opinion articles on the following topics:

- Best practices for enhancing soil organic matter
- Soil microbiomes and nutrient cycling
- Innovative soil-conservation practices
- Soil Fertility and Sustainable Agriculture: Current Issues and Future Challenges
- Soil organic carbon dynamics, functions and management in different agro-ecosystems
- Organic-inorganic nutrient interactions in soil fertility replenishment
- Integrated Soil Fertility Management in different agro ecologies: Principles, Practices, and Developmental Process
- Soil management for climate-smart agriculture: concepts, principles and evidence
- Integrated nutrient managements for sustainable crop production and improving crop quality
- Sustainability of farmers' soil fertility management practices for soil health and minimizing environmental pollution: case studies from different agro ecologies

Guest Editors

Dr. Amitava Rakshit

About the Journal

Message from the Editor-in-Chief

Agronomy draws together researchers from diverse areas of agricultural research with a common aim of enhancing agricultural productivity globally. The journal provides unlimited free access to all those interested in advancing agricultural science from both the research and general community. Papers are released immediately after acceptance through the internet. Agronomy is supported by our authors and their institutes through low article processing charges (APC) for accepted papers. We hope you will support the journal by becoming one of our authors.

Editor-in-Chief

Prof. Dr. Leslie A. Weston

Gulbali Centre for Agriculture, Water and Environment Research, Charles Sturt University, Wagga Wagga, NSW 2678, Australia

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubAg, AGRIS, and other databases.

Journal Rank:

JCR - Q1 (Agronomy) / CiteScore - Q1 (Agronomy and Crop Science)
