

Special Issue

Agrochemistry and Application of Natural Products to Agricultural Research: 2nd Edition

Message from the Guest Editor

We cordially invite you to contribute your valuable insights and innovative findings to our upcoming Special Issue of *Agronomy* entitled "Agrochemistry and Application of Natural Products to Agricultural Research: 2nd Edition". This Special Issue promises to be an exciting platform which will showcase groundbreaking research, novel discoveries, the use of natural products, and biological control agents in crop protection and the game-changing application of natural products. By sharing your expertise, you will be contributing to the expansion of knowledge and the potential impact of natural products on critical challenges to agriculture. To our readers, we promise an insightful collection of papers that explore the vast potential of nature to advance environmental well-being. This Special Issue aims to serve as a reference for researchers, practitioners, and policymakers who seek innovative solutions derived from natural sources. Help us to uncover the potential of natural products and pave the way for a healthier and more sustainable future.

Guest Editor

Prof. Dr. Mayker Lazaro Dantas Miranda

About the Journal

Message from the Editor-in-Chief

Agronomy draws together researchers from diverse areas of agricultural research with a common aim of enhancing agricultural productivity globally. The journal provides unlimited free access to all those interested in advancing agricultural science from both the research and general community. Papers are released immediately after acceptance through the internet.

Agronomy is supported by our authors and their institutes through low article processing charges (APC) for accepted papers. We hope you will support the journal by becoming one of our authors.

Editor-in-Chief

Prof. Dr. Leslie A. Weston

Gulbali Centre for Agriculture, Water and Environment Research,
Charles Sturt University, Wagga Wagga, NSW 2678, Australia

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), GEOBASE, PubAg, AGRIS, and other databases.

Journal Rank:

JCR - Q1 (Agronomy) / CiteScore - Q1 (Agronomy and Crop Science)
