

Special Issue

Big Data, Artificial Intelligence and Decision Support Systems in Sustainable Agriculture

Message from the Guest Editors

This Special Issue focuses on all the challenges of agricultural Big Data, Artificial Intelligence and Decision Support Systems. We encourage researchers working in these domains to share their research and their innovative techniques on how to deal with the challenges mentioned above. This Special Issue will certainly make significant contributions to the advancement of digital agriculture and data science.

About the Journal

Message from the Editor-in-Chief

Agronomy draws together researchers from diverse areas of agricultural research with a common aim of enhancing agricultural productivity globally. The journal provides unlimited free access to all those interested in advancing agricultural science from both the research and general community. Papers are released immediately after acceptance through the internet.

Agronomy is supported by our authors and their institutes through low article processing charges (APC) for accepted papers. We hope you will support the journal by becoming one of our authors.

Editor-in-Chief

Prof. Dr. Leslie A. Weston

Charles Sturt University, Wagga Wagga, NSW 2678, Australia

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubAg, AGRIS, and other databases.

Journal Rank:

JCR - Q1 (Plant Sciences) / CiteScore - Q1 (Agronomy and Crop Science)
