

## Special Issue

# Strategic Analysis of Sustainable Agriculture and Future Foods

### Message from the Guest Editor

In this Special Issue, we aim to improve scientific understanding of sustainable agriculture, agri-food innovation, and future foods by a systematic review and related empirical studies, as well as propose corresponding recommendations on policy design and development strategies. Topics of interest for submission not limited to:

- Agricultural sustainability, green agriculture, agricultural technology innovation;
- Precision farming, smart farming, and digital agriculture;
- Agri-food innovation, biofortified crops, cultured meat, algae, insects etc.

---

### Guest Editor

Prof. Dr. Shi Min

College of Economics and Management, Huazhong Agricultural University, Wuhan 430070, China

## About the Journal

### Message from the Editor-in-Chief

*Agronomy* draws together researchers from diverse areas of agricultural research with a common aim of enhancing agricultural productivity globally. The journal provides unlimited free access to all those interested in advancing agricultural science from both the research and general community. Papers are released immediately after acceptance through the internet.

*Agronomy* is supported by our authors and their institutes through low article processing charges (APC) for accepted papers. We hope you will support the journal by becoming one of our authors.
