## Special Issue

# Algorithms in Computational Finance

### Message from the Guest Editors

This Special Issue aims to attract submissions that report state-of-the-art research in algorithms in computational finance. The scope of this Special Issue is broad. We welcome submission in, but not limited to, the following topics:

- Forecasting algorithms
- Trading algorithms
- Portfolio optimisation algorithms
- Algorithms for analysing financial data
- Algorithms for market analysis, e.g., for early warning systems
- Machine learning applications in finance

Prof. Dr. Edward Tsang

### Guest Editors

Prof. Dr. Edward Tsang
School of Computer Science and Electronic Engineering, the University of Essex, Wivenhoe Park, Colchester CO4 3SQ, UK

Dr. V L Raju Chinthalapati
Department of Accounting & Finance, Business School, The University of Greenwich, London SE10 9LS, UK

### Deadline for manuscript submissions

closed (15 September 2018)

# About the Journal

## Message from the Editor-in-Chief

Algorithms are the very core of Computer Science. The whole area has been considered from quite different perspectives, having led to the development of many sub-communities: Complexity theory (limitations), approximation or parameterized algorithms (types of problems), geometric algorithms (subject area), metaheuristics, algorithm engineering, medical imaging (applications), indicates the range of perspectives. Our journal welcomes submissions written from any of these perspectives, so that it may become a forum for exchange of ideas between the corresponding scientific subcommunities.

## Editor-in-Chief

Prof. Dr. Frank Werner
Faculty of Mathematics, Otto-von-Guericke-University, P.O. Box 4120, D-39016 Magdeburg, Germany

## Author Benefits

**Open Access:**

free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:**

indexed within Scopus, ESCI (Web of Science), Ei Compendex, and other databases.

**Journal Rank:**

JCR - Q2 (Computer Science, Theory and Methods) / CiteScore - Q1 (Numerical Analysis)
