

Special Issue

Selected Papers from 2018 International Symposium on Computer, Consumer and Control

Message from the Guest Editor

IS3C2018 is the fourth International Symposium on Computer, Consumer and Control, sponsored by the National Chin-Yi University of Technology. This conference offers a great opportunity for scientists, engineers, and practitioners to present the latest research results, ideas, developments, and applications. IS3C, held every two years, is hosted by the National Chin-Yi University of Technology and the National Kaohsiung University of Applied Science, 6–8 December 2018, in Taichung, Taiwan. Selected papers will be recommended to /Algorithms/ for Special Issue publication. Website: <http://is3c2018.ncuteecs.org/>

Guest Editor

Prof. Dr. Hsiung-Cheng Lin

About the Journal

Message from the Editor-in-Chief

Algorithms are the very core of Computer Science. The whole area has been considered from quite different perspectives, having led to the development of many sub-communities: Complexity theory (limitations), approximation or parameterized algorithms (types of problems), geometric algorithms (subject area), metaheuristics, algorithm engineering, medical imaging (applications), indicates the range of perspectives. Our journal welcomes submissions written from any of these perspectives, so that it may become a forum for exchange of ideas between the corresponding scientific subcommunities.

Editor-in-Chief

Prof. Dr. Frank Werner

Faculty of Mathematics, Otto-von-Guericke-University, P.O. Box 4120,
D-39016 Magdeburg, Germany

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, ESCI (Web of Science), Ei Compendex, and other databases.

Journal Rank:

JCR - Q2 (Computer Science, Theory and Methods) /
CiteScore - Q1 (Numerical Analysis)
