

Special Issue

Algorithms in Decision Support Systems Vol. 2

Message from the Guest Editor

This Special Issue on “Algorithms in Decision Support Systems” provides a platform to exchange new ideas by researchers and practitioners in the field of decision support systems and its applications in many areas. We encourage authors across the world to submit their original and unpublished works. We have a special interest in works focusing on the topics listed below, but we are open to other works that fit the theme of the Special Issue.

- deep learning algorithms
- machine learning algorithms
- genetic algorithms
- evolutionary algorithms
- fuzzy logic
- probabilistic reasoning
- rule-based algorithms
- statistical methods
- atmospheric models
- data mining algorithms
- recommender systems algorithms
- explainable AI algorithms

Guest Editor

Dr. Edward Rolando Núñez-Valdez

Department of Computer Science, University of Oviedo, 33007 Oviedo, Spain

Deadline for manuscript submissions

About the Journal

Message from the Editor-in-Chief

Algorithms are the very core of Computer Science. The whole area has been considered from quite different perspectives, having led to the development of many sub-communities: Complexity theory (limitations), approximation or parameterized algorithms (types of problems), geometric algorithms (subject area), metaheuristics, algorithm engineering, medical imaging (applications), indicates the range of perspectives. Our journal welcomes submissions written from any of these perspectives, so that it may become a forum for exchange of ideas between the corresponding scientific subcommunities.

Editor-in-Chief

Prof. Dr. Frank Werner

Faculty of Mathematics, Otto-von-Guericke-University, P.O. Box 4120,
D-39016 Magdeburg, Germany

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, ESCI (Web of Science), Ei Compendex, and other databases.

Journal Rank:

JCR - Q2 (Computer Science, Theory and Methods) /
CiteScore - Q1 (Numerical Analysis)
