

Special Issue

Advances in Nutrition, Sustainability and Ecology of Salmonids

Message from the Guest Editor

This Special Issue will explore the latest advancements in nutrition, sustainability, and ecological management in salmonids, highlighting their critical role in both natural ecosystems and aquaculture. Recent research has revealed novel dietary strategies that enhance growth and health in salmonids while reducing their environmental impact. Innovations in feed formulation and nutrient optimization are paving the way for more sustainable aquaculture practices. Concurrently, advancements in ecological studies are providing deeper insights into the intricate relationships between salmonids and their habitats, including the effects of climate change and habitat degradation. Together, these contributions offer a comprehensive perspective on managing salmonid species sustainably, emphasizing the need for integrated approaches to nutrition, environmental stewardship, and ecological balance.

About the Journal

Message from the Editor-in-Chief

Animals is an on-line open access journal that was first published in 2011. *Animals* adheres to rigorous peerreview and editorial processes and publishes only high quality manuscripts that address important issues in the many varied disciplines that involve animals, with a focus on animal science, animal welfare and animal ethics. *Animals* is covered in the Science Citation Index Expanded (SCIE) in Web of Science, with the latest Impact Factor: 2.7 (2024, ranks 15/86 (Q1) in 'Agriculture, Dairy & Animal Science'; 21/170 (Q1) in 'Veterinary Sciences'), 5-Year Impact Factor: 3.2.

Editor-in-Chief

Prof. Dr. Clive J. C. Phillips

1. Institute of Veterinary Medicine and Animal Sciences, Estonian University of Life Sciences, Kreutzwaldi 1, 51014 Tartu, Estonia
2. Curtin University Sustainability Policy (CUSP) Institute, Kent St., Bentley 6102, Australia

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, PubAg, AGRIS, Animal Science Database, CAB Abstracts, and other databases.

Journal Rank:

JCR - Q1 (Veterinary Sciences) / CiteScore - Q1 (General Veterinary)
