Special Issue

Exploring Advanced Techniques in Radiography and Ultrasonography in Veterinary Medicine

Message from the Guest Editors

This Special Issue aims at exploring the field of advanced diagnostic techniques, with a focus on radiography and ultrasound in the context of small. large, and exotic animal veterinary medicine. This Special Issue welcomes studies analysing various aspects of radiography and ultrasound in veterinary practice, including advances in imaging technology, diagnostic accuracy, and efficacy; comparative studies between different imaging modalities; new applications in the diagnosis and monitoring of diseases; and integration with other diagnostic and therapeutic approaches. This Special Issue aims at covering a wide range of topics such as imaging in small, large, and exotic animal medicine applied to the medical, surgical, and reproductive clinic; trends and emerging technologies in radiography and ultrasound; and discussions on best practices and clinical guidelines. With this Special Issue, we aim at providing a comprehensive platform for researchers, clinicians, contributing to the improvement of diagnostic accuracy, patient care, and outcomes in veterinary medicine.

About the Journal

Message from the Editor-in-Chief

Animals is an on-line open access journal that was first published in 2011. Animals adheres to rigorous peerreview and editorial processes and publishes only high quality manuscripts that address important issues in the many varied disciplines that involve animals, with a focus on animal science, animal welfare and animal ethics. Animals is covered in the Science Citation Index Expanded (SCIE) in Web of Science, with the latest Impact Factor: 2.7 (2024, ranks 15/86 (Q1) in 'Agriculture, Dairy & Animal Science'; 21/170 (Q1) in 'Veterinary Sciences'), 5-Year Impact Factor: 3.2.

Editor-in-Chief

Prof. Dr. Clive J. C. Phillips

Institute of Veterinary Medicine and Animal Sciences, Estonian University of Life Sciences, Kreutzwaldi 1, 51014 Tartu, Estonia
 Curtin University Sustainability Policy (CUSP) Institute, Kent St., Bentley 6102, Australia

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, PubAg, AGRIS, Animal Science Database, CAB Abstracts, and other databases.

Journal Rank:

JCR - Q1 (Veterinary Sciences) / CiteScore - Q1 (General Veterinary)
