

Special Issue

Streptococcus in the One-Health Prospective: Diagnosis, Treatment, and Prevention

Message from the Guest Editor

Streptococci cause mild-to-severe bacterial illnesses in domestic, companion, and wild animals. These organisms are typically commensals and can cause opportunistic infections in the host. Human infection, which is rare, generally occurs through direct contact with infected animals or the consumption of contaminated products derived from them. Most cases are sporadic, but organisms such as *S. equi* subsp. *zooepidemicus* (SEZ) have caused severe outbreaks. This Special Issue aims to publish original and review articles concerning early diagnosis, characterization, and treatment outcomes for these underestimated pathogens.

About the Journal

Message from the Editor-in-Chief

Animals is an on-line open access journal that was first published in 2011. *Animals* adheres to rigorous peerreview and editorial processes and publishes only high quality manuscripts that address important issues in the many varied disciplines that involve animals, with a focus on animal science, animal welfare and animal ethics. *Animals* is covered in the Science Citation Index Expanded (SCIE) in Web of Science, with the latest Impact Factor: 2.7 (2024, ranks 15/86 (Q1) in 'Agriculture, Dairy & Animal Science'; 21/170 (Q1) in 'Veterinary Sciences'), 5-Year Impact Factor: 3.2.

Editor-in-Chief

Prof. Dr. Clive J. C. Phillips

1. Curtin University Sustainable Policy (CUSP) Institute, Curtin University, Kent St., Bentley, Western Australia 6102, Australia
2. Former Foundation Professor of Animal Welfare, University of Queensland and Foundation Director, Centre for Animal Welfare and Ethics, University of Queensland, Brisbane, Australia

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, PubAg, AGRIS, Animal Science Database, CAB Abstracts, and other databases.

Journal Rank:

JCR - Q1 (Veterinary Sciences) / CiteScore - Q1 (General Veterinary)
