

# Special Issue

## Feature Papers in the 'Small Ruminants' Section

### Message from the Guest Editors

We are pleased to invite you to submit articles on small ruminants, which will help to increase our knowledge of these species and their breeds and to optimize food production and the use of resources. Studies on milk and meat production, product quality, welfare, labor-saving technologies, sustainable rural livelihoods, traditional breeds and their adaptations, and alternative feedstuffs will be particularly welcome. Dr. Gema Romero Moraleda  
Prof. Dr. Stephen J.G. Hall
