Sex Determination in Ectothermic Vertebrates

Message from the Guest Editors

Sex determination is one of the most important processes in vertebrate embryonic development. In ectothermic vertebrates, various mechanisms coexist, such as those influenced by environmental conditions and those purely based on genetics, including several intermediate states. Therefore, the study of sex determination in ectothermic vertebrates is very useful to understand the evolutionary steps of sex determination and differentiation in animals. This Special Issue will include studies based on experimental evidence that suggest or update evolutionary models and that address application prospects.

Guest Editors

Prof. Dr. Ettore Olmo

Prof. Dr. Adriana Canapa

Prof. Dr. Maria Assunta Biscotti

About the Journal

Message from the Editor-in-Chief

Animals is an on-line open access journal that was first published in 2011. *Animals* adheres to rigorous peerreview and editorial processes and publishes only high quality manuscripts that address important issues in the many varied disciplines that involve animals, with a focus on animal science, animal welfare and animal ethics. *Animals* is covered in the Science Citation Index Expanded (SCIE) in Web of Science, with the latest Impact Factor: 2.7 (2024, ranks 15/86 (Q1) in 'Agriculture, Dairy & Animal Science'; 21/170 (Q1) in 'Veterinary Sciences'), 5-Year Impact Factor: 3.2.

Editor-in-Chief

Prof. Dr. Clive J. C. Phillips

1. Curtin University Sustainable Policy (CUSP) Institute, Curtin University, Kent St., Bentley, Western Australia 6102, Australia
 2. Former Foundation Professor of Animal Welfare, University of Queensland and Foundation Director, Centre for Animal Welfare and Ethics, University of Queensland, Brisbane, Australia

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, PubAg, AGRIS, Animal Science Database, CAB Abstracts, and other databases.

Journal Rank:

JCR - Q1 (Veterinary Sciences) / CiteScore - Q1 (General Veterinary)
