

Special Issue

Second Edition of Behavior and Physical Health Integration in Companion Animals

Message from the Guest Editors

We are pleased to announce the Second Edition of the Special Issue, "Behavior and Physical Health Integration in Companion Animals", which seeks to explore the relationship between behavioral and physical factors in companion animals. Behavioral problems have been traditionally considered almost as a diagnosis of exclusion. However, behavioral and physical health are not separate but interdependent entities. Behavioral medicine increasingly considers a much more diffuse boundary between medical and ethological etiologies. In fact, a high incidence of comorbidities with medical conditions is detected in animals showing behavioral problems. Moreover, stress and even temperament may predispose some illnesses. The integration of these and other factors during veterinary consultation may provide a better understanding of behavioral problems and medical conditions, thereby improving the effectiveness of treatments. This Special Issue will showcase the latest research on the topic of integration of physical-behavioral health in dogs and cats, and we hope invitees will make a major contribution to the knowledge and practice relating to this topic.

Guest Editors

Dr. Belén Rosado
Prof. Dr. Sylvia García-Belenguer
Dr. Ángela González-Martínez

About the Journal

Message from the Editor-in-Chief

Animals is an on-line open access journal that was first published in 2011. *Animals* adheres to rigorous peerreview and editorial processes and publishes only high quality manuscripts that address important issues in the many varied disciplines that involve animals, with a focus on animal science, animal welfare and animal ethics. *Animals* is covered in the Science Citation Index Expanded (SCIE) in Web of Science, with the latest Impact Factor: 2.7 (2024, ranks 15/86 (Q1) in 'Agriculture, Dairy & Animal Science'; 21/170 (Q1) in 'Veterinary Sciences'), 5-Year Impact Factor: 3.2.

Editor-in-Chief

Prof. Dr. Clive J. C. Phillips

1. Curtin University Sustainable Policy (CUSP) Institute, Curtin University, Kent St., Bentley, Western Australia 6102, Australia
 2. Former Foundation Professor of Animal Welfare, University of Queensland and Foundation Director, Centre for Animal Welfare and Ethics, University of Queensland, Brisbane, Australia
