

Special Issue

Small Ruminants and Lentivirus Research: Future Directions

Message from the Guest Editors

In this special issue, we invite the submission of original research or review articles, short notes, and communications on different aspects of infection with SRLV including epidemiology, reservoir animals and characterization of the virus and route of transmission. However, contributions concerning diagnostic tools for the diagnosis of infection with SRLV and studies on virus–host interactions, innate and acquired immune responses and vaccine development, are also welcome. You are cordially invited to contribute on this topic in order to improve the knowledge of lentivirus infections in small ruminants.

Guest Editors

About the Journal

Message from the Editor-in-Chief

Animals is an on-line open access journal that was first published in 2011. *Animals* adheres to rigorous peerreview and editorial processes and publishes only high quality manuscripts that address important issues in the many varied disciplines that involve animals, with a focus on animal science, animal welfare and animal ethics. *Animals* is covered in the Science Citation Index Expanded (SCIE) in Web of Science, with the latest Impact Factor: 2.7 (2024, ranks 15/86 (Q1) in 'Agriculture, Dairy & Animal Science'; 21/170 (Q1) in 'Veterinary Sciences'), 5-Year Impact Factor: 3.2.

Editor-in-Chief

Prof. Dr. Clive J. C. Phillips
