

# Special Issue

## Production, Breeding and Disease Management of Plateau Animals

### Message from the Guest Editors

We are excited to propose a forthcoming Special Issue that will delve into the captivating realm of Plateau animals—a remarkable ecosystem that continues to inspire researchers and enthusiasts alike. Titled "Production, Breeding and Disease Management of Plateau Animals", this Special Issue of cutting-edge studies aims to offer a comprehensive exploration of the diverse facets of animal life on the Plateau. With a focus on recent emerging viral risks and their effects on the population, we anticipate ground-breaking research that offers novel insights into identifying infections in this Special Issue. We also expect investigations that will provide light on the probiotic potential of yaks, revealing their function in boosting gut health and development.

### Guest Editors

Prof. Dr. Jiakui Li

Dr. Md. F. Kulyar

Dr. Quan Mo

### Deadline for manuscript submissions

31 October 2025
