

## Special Issue

# Housing Environment and Farm Animals' Well-Being

### Message from the Guest Editors

Housing environment affects the health and well-being of farm animals of livestock and poultry raised in concentrated animal feeding operations (CAFOs). Poor air quality (e.g., high levels of indoor ammonia, particulate matter, and airborne bacteria) may deteriorate animals' health/well-being over time in CAFOs. Mitigating air pollutants generation and suppressing levels of housing air pollutants are critical for maintaining the well-being of farm animals. This special issue of *Animals* "Housing Environment and Farm Animals' Well-Being" encourages the submission of original research, review, and communication related to livestock and poultry environmental management, air quality control, emissions mitigation, and assessment of animal health and well-being. Publications in this issue will provide references for researchers, students, and animal agriculture producers to enhance on-farm environmental management and animal well-being.

## About the Journal

### Message from the Editor-in-Chief

*Animals* is an on-line open access journal that was first published in 2011. *Animals* adheres to rigorous peerreview and editorial processes and publishes only high quality manuscripts that address important issues in the many varied disciplines that involve animals, with a focus on animal science, animal welfare and animal ethics. *Animals* is covered in the Science Citation Index Expanded (SCIE) in Web of Science, with the latest Impact Factor: 2.7 (2024, ranks 15/86 (Q1) in 'Agriculture, Dairy & Animal Science'; 21/170 (Q1) in 'Veterinary Sciences'), 5-Year Impact Factor: 3.2.

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, PubAg, AGRIS, Animal Science Database, CAB Abstracts, and other databases.

#### Journal Rank:

JCR - Q1 (Veterinary Sciences) / CiteScore - Q1 (General Veterinary)
