

Special Issue

Improving Fish Health and Welfare: The Toxicology of Fish

Message from the Guest Editor

In recent years, toxicology has undergone rapid transformation and now has a new and emerging set of facts and issues. This volume serves as a bridge between toxicology and several related areas and will include a collection of peer-reviewed research and development concerning several topics, including toxicology, epigenetic toxicology, transcriptomics, action of plastic residues pollutants, pesticides, and household and industrial effluents, in natural and controlled environments. The aim here is to inform the public about research related to toxicological studies applied to the aquatic environment with fish as model organisms.

Guest Editor

Dr. Daniele Aparecida Matoso

Laboratório de Biotecnologia e Citogenômica Animal, Departamento de Genética, Instituto de Ciências Biológicas, Universidade Federal do Amazonas, Manaus 69067-005, Brazil

About the Journal

Message from the Editor-in-Chief

Animals is an on-line open access journal that was first published in 2011. *Animals* adheres to rigorous peerreview and editorial processes and publishes only high quality manuscripts that address important issues in the many varied disciplines that involve animals, with a focus on animal science, animal welfare and animal ethics. *Animals* is covered in the Science Citation Index Expanded (SCIE) in Web of Science, with the latest Impact Factor: 2.7 (2024, ranks 15/86 (Q1) in 'Agriculture, Dairy & Animal Science'; 21/170 (Q1) in 'Veterinary Sciences'), 5-Year Impact Factor: 3.2.

Editor-in-Chief

Prof. Dr. Clive J. C. Phillips

1. Curtin University Sustainable Policy (CUSP) Institute, Curtin University, Kent St., Bentley, Western Australia 6102, Australia
2. Former Foundation Professor of Animal Welfare, University of Queensland and Foundation Director, Centre for Animal Welfare and Ethics, University of Queensland, Brisbane, Australia

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, PubAg, AGRIS, Animal Science Database, CAB Abstracts, and other databases.

Journal Rank:

JCR - Q1 (Veterinary Sciences) / CiteScore - Q1 (General Veterinary)
